FOR NEW CONTRACT TALKS

Teachers' Association Asked School Heads To Meet

By HENRY CANTIN
ANP Staff Writer

BELLEVILLE -- The Van Buren Education Association officially initiated negotiations for a new 1968-69 teacher contract last week.

A request for a meeting with Van Buren Public Schools' Board of Education was submitted March 14 by the Association's Professional Negotiations Team.

The Association is the sole bargaining agent for some 300 teachers currently employed by the school district. Teachers' representatives asked that the meetings be scheduled March 25, if convenient for the School Board.

Kenneth Askew, English teacher at Belleville High School, is chief negotiator. He is assisted during the upcoming contract sessions with the School Board by William Chizmar, teacher at Elwell School; and Roland Wolfe, association president. Wolfe, also a teacher, is presently high school librarian.

* * *

IN THEIR request for a meeting on a new contract, teachers' negotiators presented a Preliminary Submission to the proposed amendments to the current Master Agreement between the Board of Education and Association.

They asked that matters detailed in their preliminary submission become effective for the school year 1968-69.

The objectives contained in the presentations were formulated and approved at a general membership meeting held on Thursday, March 14, Askew reported.

Areas requested to be covered in the initial sessions of contract talks are:

- Provisions for joint effort to establish immediate and long term programs to insure desirable class sizes, curriculum development and pupil behavior controls. This is intended to bring into use the entire facilities of the staff in dealing with these problems in both short-term and long-term programming.
- Provision should be made to improve teacher's insurance with regard to extended illness or death. To provide an insurance program which will better serve the teachers in cases of major illness or continued disability.
- Provision should be made to assure that all teachers benefit from local negotiations and share the costs of negotiations to the local, state and national organizations to equally distribute the costs of attaining equally shared benefits.
- Contractual recognition should be made of methods used in the selection, evaluation and development of the professional staff of the school system to improve the faculty by setting criteria or methods for hiring.

Van Buren School Board Schedules New Election

Millage Increase To Voters Again

Request for Five and Half Mills To Be Decided May 6

By Henry Cantin
ANP Staff Writer

BELLEVILLE -- Voters of Van Buren Township School District will again be asked to rule on a Millage Increase Proposition proposed by Van Buren Township Board of Education, Harold O. Wetherell, school superintendent, announced.

The School Board in a special meeting held last Thursday, March 14, approved the holding of another election for additional funds to operate the school system for the next five years.

Board members by resolution scheduled the election for May 6 on a second request for an additional millage of five and a half mills rejected by the voters by more than two to one in the March 4 special election. The vote was 1,499 to 511.

The decision of the School Board was reached after an overall restudy of school needs required "to maintain the same level of educational services and programs now being offered by the school system."

* * *

IN THE March 4 election, voters approved a Millage Renewal Proposition of four and a half mills that is expiring at the end of this school year by some 200 votes. The total was 1,135 votes for the renewal to 907 votes against.

The total vote of 2,050 represented less than 30 per cent of the school district's 7,500 registered voters.

School administrators and School Board members reemphasized the "urgent" need for the additional funds to meet increased costs for school operations in the coming months.

Despite the defeat at the polls, school officials reported that detailed explanations and reasons for the needed funds will be specifically spelled out in the weeks ahead. More so than previously, it was stated.

"Without this additional money that the five and a half mills would bring, severe cuts in school programs will have to be made. What may have to be sacrificed is yet to be decided by the School Board," Wetherell said.

"We know that in excess of $500,000 will have to be eliminated from the school budget. Cuts in teaching personnel and in programs will have to be determined if voters reject the request for additional millage," he continued. He added that this statement was not a 'threat' but based on real school needs.

THE SCHOOL SYSTEM next year will have a teaching staff of 311 teachers. The Board reported that approximately 80

Adult Ed. Demand in Romulus Prompts Extension of Classes

ROMULUS -- Students and teachers in the Romulus Adult Education program have completed an enjoyable first six weeks of classes, Wednesday evening, March 13.

Those presently participating have expressed a definite interest in continuing the program through an additional eight week session, Silas A. Moore, schools' coordinator of Federal and State programs, reported.

Several school district residents have called the school, requesting that courses be offered in areas other than those presently conducted.

Due to the high interest indicated by the number of calls, as well as the favorable comments of those presently participating in the program, School Administration has determined to continue the program for another eight (8) week session during the present school year, and has specified the following place, date, and time for the next registration:

West Cafeteria, Romulus Senior High School, 9650 S. Wayne Road, Romulus Wednesday, March 27, from 7 to 9 p.m., Moore announced.

Classes will be conducted in any subject area in which there is an enrollment of ten(10) persons. A registration fee of $8 is required, payable at time of registration.

* * *

POSSIBILITIES for an expanded Adult Education program, to begin in September of this year, are presently being explored, Moore added.

State Adult Education personnel have been consulted, and Romulus School administrators are encouraged by the possibility of implementing a community school program which will include all three phases of Adult Education presently operated by public schools in Michigan. These three kinds of Adult Education are classified as follows:

- BASIC EDUCATION for those persons who have not completed eight grades of school. This is supported by federal aid and local or state taxes, and 14,000 persons were enrolled in 1966-67.
- HIGH SCHOOL completion programs for those persons who wish to obtain a high school diploma. This is supported by state aid and local property taxes, and 65,000 persons were enrolled in 1966-67.
- ACADEMIC, VOCATIONAL, and avocational programs for those persons who have completed their high school work. This is supported by local property taxes or fees, and about 250,000 persons were enrolled in 1966-67.

For further information call Mr. S. A. (Tom) Moore, Whitney 1-1600, Extension 24.

ELECTION APRIL 1

Cullin Making Bid to Unseat Mayor Smith Airs Background

BELLEVILLE - Mayor Royce E. Smith, who seeks re-election to another two-year term in Belleville's general election April 1, is being challenged for the post of the community's chief executive by Douglas S. Cullin, insurance firm representative and former member of the City Planning Commission.

Other positions to be filled at the election are four council seats, treasurer, constable and Justice of the Peace. All incumbents are seeking re-election and are unopposed.

Cullin, who was born in Belleville (Dec. 2, 1918) has lived all his life in Belleville. He is married. He and his wife, Shirley, who he married in June, 1945, have three children; Carl, 21; Carole, 18; and Curt, 13. The family resides at 123 East Columbia.

Cullin, who served in the U.S. Army from August, 1941 to December, 1945, spent 39 months in the South Pacific. He was awarded the Bronze Star for action in New Guinea. He was discharged as First Lieutenant.

The mayoralty aspirant is a graduate of Belleville High School. He attended Eastern Michigan University in the fall of 1937 and returned to receive a Bachelor of Arts Degree from Eastern Michigan University in February, 1947.

He worked with his father in the operation of a Standard Service Station and in 1950 took over ownership until June, 1965, when he sold the station.

The Lenten Season

(Editor's Note: The following article is the fourth in a series of Lenten Sermons by area pastors and leading churchmen. This week's article was submitted by Rev. C.N. Collier former pastor of Zion United Missionary Church of Belleville.)

WHICH WAY LENT?

As we draw nearer to Holy Week, we keep our eyes fixed on Calvary. Calvary lay before Jesus all His life. It cast its shadow upon His path shortly after His birth in the prophesy of Simeon to Mary: "A sword shall pierce thy soul."

Jesus was at home among the hills. He was born among them. One of His severest temptations was on a mount. During His public ministry He often retired to His mount for prayer.

The world's greatest sermon spoken by Him, is named "The Sermon on the Mount." He was transfigured on a mount.

Yes, Jesus knew these hills. But He knew Calvary better. The whole trend of His life was toward it. It gave a meaning to His life that nothing else could give.

Without Calvary there is no Christianity. Without Calvary there is no hope for sinful man.

The observance of Lent must, therefore, be centered in Calvary. Self-denial as such cannot relieve and satisfy a sin-burdened heart.

We behold reverently the Lamb of God which taketh away the sin of the world. Lent will then deepen and enrich our faith with God's own salvation, Jesus Christ.

Which Way Lent?

SURVEY SHOWS 'MULTIPLE' TREND

Apartment Permits Hit Record In Detroit Metro Area During 1967

DETROIT -- Led by the second highest number of apartment permits on record, the Detroit Metropolitan area became the nation's third largest housing market in 1967.

The area was topped only by the Chicago and New York areas in total 1967 housing permits as rising building costs virtually eliminated low and middle-cost single homes and heightened the trend to multiple housing.

Apartment permits were up 29 percent, from 9,624 in 1966 to 12,405 in 1967, compared to a national average gain of 16 percent in multiples. All units, single and multiple, totaled 29,618 for a 21 percent increase over 1966, the year of the credit crisis.

* * *

DETROIT - AREA housing construction was the third in the nation for the first time since 1952, in the middle of the postwar housing boom.

The figures came from the authoritative quarterly survey of U. S. Housing Markets, compiled by Advance Mortgage Corp. as a service to the building and home-financed industries.

Advance, one of the nation's largest mortgage companies, operates through 18 offices throughout the U. S., with main offices in Detroit. The survey compares Detroit with 16 other major markets nationwide.

Land prices soared in 1967 and suburban land costs are still rising sharply, reported Donald V. Donohue, Detroit-area manager.

"This has forced builders into higher price ranges and increased interest in townhouses. Some suburban-area garden-type apartments are more than 50 percent rented before completion."

There is a great demand for homes under $20,000 and for apartments under $150 but these are not being built, Donohue said.

* * *

THE STUDY concluded that the average housing cost increase last year was 10 percent and similar rises are projected for this year. Other Detroit sources had predicted a rise of at least 10 percent and possibly as much as 25 percent this year alone, after major labor contracts are settled in May and other contracts in supply fields are applied.

The cost rise since 1963, about 35 to 40 percent, accounts heavily for the increasing proportion of multiple housing. Shortages in single homes, especially in the suburbs, enable couples whose children have grown to sell their homes profitably and move into apartments.

At the same time, young marrieds are virtually forced to

Huron School Board Names Superintendent

NEW BOSTON -- The appointment of Bryon K. Antcliff, 32, of Saugatuck, Michigan, as new superintendent of Huron Township School District was announced Monday by Carl T. Renton, president of Huron Township Board of Education.

Antcliff succeeds Kenneth D. Walker, who resigned Jan. 1 to assume the post of assistant superintendent of Taylor Township School District. He is currently superintendent of Saugatuck Public Schools.

He assumes his new duties at Huron on a part time basis immediately and on full time basis at the end of May, Renton announced.

The Huron School Board approved a three-year contract with an annual salary of $18,000 a year.

Antcliff, a native of Michigan,

(See HURON page 2)

APARTMENT PERMITS UP

(continued from page 1)

establish themselves in apartments until they can afford the kind of single housing that is more available in the $25,000 to $40,000 bracket. Thus two large and growing age groups feed the apartment market.

DONOHUE REPORTED that the national market had its main vigor "concentrated in apartments," with the national percentage gain in this category three times as great as house permits. In general, final quarter activity reached the 31,000 annual rate, second best since 1956.

"There is demand for all units that can be built," Donohue said.

Fourth-quarter figures show single home permits up 102 percent from the same quarter in 1966. Apartments were up 221 percent.

Detroit-area housing had the lowest vacancy rate among markets reporting in the survey at 2.1 percent. Despite an accelerated movement into the suburbs, values in used housing even within the city remain firm and are expected to increase another 8 to 10 percent this year.

In the fourth quarter, as reported by Detroit-area multi-listing services, average prices were up 11 percent over a year ago and 60 percent of the listings were sold within 30 days.

ON ANOTHER front, F. W. Dodge Co., national construction industry reporting agency, emphasized the apartment trend. The agency said a rising cost pattern for construction and land, coupled with higher mortgage rates and an altered age pattern among homeseekers mean more multi-family buildings and relatively fewer single homes."

It cited one market study which indicates a 50 percent rise in apartment construction in the next five years compared to 1963-1967. Applied to the Detroit area, this could mean all housing to be built could be as much as 65 percent multiple within the next five years. The result can be vastly inproved tax bases for suburban communities who adjust to the trend.

If you'd like to save some money, you'll be interested in Direct Distance Dialing. It's a more economical way to call Long Distance because direct dialed calls are all Station-to-Station instead of Person-to-Person.

It's easy, too. Just dial "1", then the Area Code, if it's different from your own, and the number you want. For an idea of how much you can save, here's an example. A 3-minute Person-to-Person call between Detroit and Chicago costs $1.30 at the day rate. Dial direct and the cost is only 85¢.

So whenever you're reasonably sure the party you're calling will be there, dial direct and let the savings roll in!

ASKEW STATED that he didn't anticipate any difficulties in presentation of the four general problem areas. The only possibility of it would be if the school board would attempt to go back on salary schedules, he said.

"The intentions of the teachers, as shown by the preliminary submission, is to attempt to make significant improvement in the operation of the school along two major lines.

"The first of these is to utilize the knowledge and experience of the teachers in the creation of curriculum policies of the school. At the same time the second factor is to improve the staff through a personnel policy which will secure, maintain and promote the most desirable kinds of people.

"We feel that the educational system can benefit greatly and teachers' working conditions can be improved by involving teachers in the process of school planning.

We feel that the cooperative efforts of the School Board, the Administration, and the faculty should be brought together to provide for the best possible educational system that mutual benefits can achieve. In order to do this there must be some modification in personnel and planning policies.

"While we consider teachers' salaries and economic benefits important, we also feel that working within an effective school system is important. The improvement of school program and activities and the development of clean personnel policy is also important."

per cent of operating costs are expended in salaries.

School officials planned an all-out educational program on the needs and "necessary" costs required to maintain the same level of teaching programs and services now available.

The present school tax rate for property owners residing in the school district is 23.40 mills per $1,000 of assessed property valuation, state equalized.

This mill levy consists of $19.40 for school operations and $4 for debt retirement. The $19.40 includes the $4.50 approved on March 4.

* * *

WETHERELL ALSO reported that a possible increase in state aid (not immediately available) will also be a determining factor when the School Board re-examined the budget on the school system's ability to meet increased costs that include last year's salary boosts that must be met, plus mandatory teacher salary increments falling due and other rising costs.

Announce Detours

A detour for all US-12 Business Route traffic in Ypsilanti is in effect the State Highway Commission has announced.

Repairs on the bridge carrying US-12 (Michigan Ave.) over the Michigan Central Railroad in Ypsilanti will detour all US-12 through traffic to M-17.

All local traffic on US-12 may also detour around the construction site via Miles Road, Grove Road, Cross Street, and Prospect Road.

The detour for through traffic adds approximately two miles to the regular route. The detour route for local traffic adds approximately one-half mile. Both detours will be in effect until mid-August.

Two other detours are presently in effect on state highways in Michigan. One is on US-131 in Grand Rapids and the other is on US-27 in Lansing.

VB Rejects Rezoning Plea For Trailer Park

BELLEVILLE -- A rezoning petition involving 50 acres of land in Van Buren Township was rejected by the Van Buren Township Board last week (March 12). The petition had been previously approved by the Township Board by a vote of 5 to 1.

Possibility of legal action against Louis A. Toth, Van Buren Township supervisor, was threatened by Donald Cox, president of the Vertex Development Company of Romulus, owners of the land.

The 50 acres are located on Hannan Road between Ecorse and Van Born Roads. The firm's president appeared before the Board to argue for a rezoning of the acreage from heavy industry to trailer park.

The matter came to the Board with favorable recommendations from the Van Buren Planning Commission and the Wayne County Planning Commission.

The rezoning had been approved by the Township Board last November. It was later rescinded because property line descriptions were "badly fouled up," it was reported.

Vertex also owns 250 acres adjacent to the site which the firm reported is intended for an industrial park. The sewer lines for the trailer park would have also served the proposed industrial park.

Toth, who reported that he had never really approved the trailer park, said that the Industrial Park interested him. He added that "industrial people" told him that although the sewer lines would be available that the delay in the construction of the proposed I-275 which is not expected to get underway until 1971 is causing lack of immediate action.

"I think we'd be premature in an industrial park. We now have five mobile homes in the township and a sixth approved for construction plus others in the school district," Toth told the Board.

"I would like to know why you have changed your opinion. I want the Board to know that you came to me and said that you and a group you are involved in wanted to buy the mobile home park and I asked you what you would do with the industrial subdivision, and you said, 'The hell with the industrial subdivision'," Cox said.

"I said that I couldn't do it that way and then you told me there was a discrepancy in the description of the property. I have a recording of our conversation," he added.

The vote of the Board was 3 to 3. Toth broke the tie.

Voting with Toth against rezoning were Township Clerk Erma Jean Payne and Trustees William VanDeCar and Edward Stoelton. Voting for the rezoning were Township Treasurer Frederick Birk and Trustees Jerry Maton and Joseph Hogan.

Toth had no comment on "every rash accusation" made before the Board.

Cox reported that he would institute suit in Wayne County Circuit Court against Toth.

An upcoming referendum vote (May 7), involving 147 acres of land located in the Township that had been rezoned for the construction of a proposed 2,000 unit apartment complex has brought some "misgivings," Toth explained.

Concert Band Wins Tribute

BELLEVILLE -- The Belleville Junior High School Concert Band of 42 Eighth Grade and 26 Seventh Grade honor band members performed at the District Band Festival-Contest held last Saturday at the Belleville High School.

The band was awarded a rating of "Excellent" for both their concert performance and their sight-reading performance.

"The band is to be congratulated on their fine progress. As young musicians they have made a start of musical experience that can bring life-long benefit", commented the band's director, Richard Coffelt.

Miss Bain reported that contents was not completely covered by insurance. The money will be used to purchase items destroyed.

Water Department Budget Approved

BELLEVILLE -- A budget of $220,890 for the 1968-69 operation of the Van Buren Township's Water Department was approved by the Township Board last week March 12.

This compares with last year's budget of $342,826 that included $130,000 for building costs (New Water Board Building and Warehouse housing the new Township Hall, 46425 Tyler road, Louis A. Toth, township supervisor, reported.

The new approved budget includes the additional expense of an employe transferred to it from the Township's Building Department and some increased costs.

The Township Board earlier approved general fund budget of $221,206, an increase of $16,800 over last year's budget of $204,427, Toth reported.

Income revenue for the 1968-69 year is anticipated at $169,062, plus an increase in the collection of the Township's one and four tenths tax levy of some $62,000 which is based on increased valuation in Van Buren Township, if assessments are not decreased.

This compares with income revenues of $145,545 and a tax levy collection of $58,881 last year, Toth said.

Peninsular Paper Ends Huron River Problem

The waste discharge of multi-colored paper dyes into the Huron River by the Peninsular Paper Company will no longer occur, Daniel T. Quirk, president of the firm, announced this week.

The firm was cited in 1966 by the State Water Resources Commission for its waste problems that polluted the Huron River. Since then the company has been working with the Commission to find a "workable solution to the in ever increasing problem of water pollution in the Huron River."

The solution arrived and became available when the City of Ypsilanti completed its new secondary sewage treatment plant's facilities in 1966-67.

The capacity of the treatment plant enabled the firm to pass its colored paper effluent to the treatment plant, Quirk stated.

The colored water effluent is now passed through newly installed pumps and an eight-inch underground line and pumped into the city's system.

The line, pumps and recorder has been in the process of installation since October, 1967.

The cost of this equipment was reported at $14,000. The city will realize $49,000 annually for treating the million plus gallons of water per day from the firm, Quirk said.

He also stated that the firm is forced to live with the colored water problem due to the nature of "our many order changes and the vast number of colored papers we manufacture.

The connection to the city's sewage treatment solved the problem.

BELLEVILLE--The regular monthly meeting of the Huron Valley Conservation Association was held Monday, March 11, at Rogalle's Banquet Room.

Ken Cracknell, District Seven representative for the Michigan United Conservation Clubs was a featured speaker. A presentation by Rod Bly on the National Rifle Association as also on the program, Jams W. Habel, publicity chairman, reported.

Cracknell gave a very enlightening talk on the Michigan United Conservation Clubs, the advantages of belonging and the benefits that can be derived from a membership in the club.

After Cracknell's talk the association voted overwhelmingly to apply for membership in the M.U.C.C.

* * *

ROD BLY then presented the club with a proposal that the H.V.C.A. apply for affiliation with the N.R.A. He explained the benefits of being affiliated with the National Rifle Association and the support that they give to the sportsman.

An example of this is their constant fight to protect the right to own sporting firearms. The association elected to apply for an affiliation with the N.R.A.

A discussion was held relative to forming a ladies auxiliary. The members indicated that full time should be devoted toward promoting our club, however, the formation of an auxiliary should be encouraged.

* * *

AMONG THE up coming events for the club is a skeet and trap competition. Our range committee is making arrangements with our neighboring clubs to set up the competition.

The finalization of these plans will be made at our next monthly meeting. The formulation of plans for a Carp Carnival will also be included on the agenda for the May meeting.

Gallery Opens in Belleville

BELLEVILLE - A new home furnishing and decorative consulting shoppe has opened in Belleville.

The shoppe known as "The Home Gallery" is located at 51 Fifth street, just around the corner from Main street.

The owners and partners in the new local venture are Mrs. Betty Sanders, of 11550 Wilson; and Mrs. Jean Boutilier, of 11524 Fisher. Both are decorative consultants of the first water.

In announcing the opening of their establishment, they stated their Grand Opening will be held sometime in April.

The business is housed in a one-story building which provides 24 feet by 60 feet of space for sales and consulting activities.

In the shoppe at present are featured three room groupings -- traditional, colonial and modern -- each bearing the same price tag.

Mrs. Sanders has been a resident of the Belleville area since childhood with the exception of a brief absence from the city. She is the mother of one child.

Mrs. Boutilier has been a Belleville resident the last four years. She is the mother of two children.

Gets Promotion

BELLEVILLE -- Jack D. Middlebrook, 20, son of Mrs. Dorthy Stabnau, 45900 Harris road, was promoted to Army private pay grade E-2 upon completion of basic combat training at Ft. Knox, Ky.

The promotion was awarded two months earlier than is customary under an Army policy providing incentive for outstanding trainees. The promotion was based on his scores attained during range firing, high score on the physical combat proficiency test, military bearing and leadership potential.

Army Promotes Terry W. Mullin

ROMULUS--Terry W. Mullin, 25, son of Mr. and Mrs. Lawrence Mullin, 36055 Grant Road, was promoted to Army specialist four (Feb. 26) in Vietnam, where he is serving as a heavy vehicle operator with the 623rd Quartermaster Company.

His wife, Della, lives at 37424 Huron River Drive, Romulus.

EDWARD DOWNING

Downing Leaves BHS This Fall

BELLEVILLE -- Belleville High School will be having a new band director this fall.

After seven years of directing here at Belleville, Edward J. Downing will be leaving. He plans to conduct the bands at the new Ann Arbor Huron High School.

Downing graduated from Wyandotte and entered the University of Michigan, where he earned the degrees of Bachelor of Music and Master of Music Degrees.

During his years of college, he was a member of the University of Michigan Marching Band and is now the president of the University of Michigan Alumni.

Before he came to Belleville High School, he directed bands at Flint and Wyandotte. Last summer he was the director of Musical Youth International Band and toured throughout Europe with them. He resides at 350 Edison.

Our Magic Spring Arrives March 20

The planets move in their courses with wonderful precision. Thus, while it is impossible to render more than an educated guess on what may occur in the affairs of man on the morrow, it may be said with absolute certainty that a happy natural occurrence will take place on March 20 -- Spring will arrive.

On that day, the rhythm of nature will enter another cycle. Subtle changes will take place. The sun will rise earlier and will feel warmer on your back. Sunset will be appreciably later each day. New freshness will come on the land.

As Spring mellows into early summer, the thoughts of most of us will turn toward the mountains, the lakes and the seashores, where the mantle of winter is rapidly receding.

* * *

THE BOATS, the campers, water skis and motor scooters will soon flood the highways, and the human assault on nature's sensibilities will once again be underway.

The healing powers of Spring are now covering many of the scars of last season's carnage -- the beer cans, the broken bottles, the garbage of last year is to some extent mercifully hidden in new growth.

The parks, the seashores, the lakes are now being reborn under the magic touch of Spring. Man, if he would only do so in a humble gesture of appreciation, could help nature keep the land beautiful.

He could be a little more tidy in his travels this summer. Spring might well be a time of good resolutions, as well as young men's fancies.

CONTRIBUTIONS

Contributions and gifts paid during the year to charitable, religious and certain other organizations are generally deductible if you itemize your deductions on page 2 of form 1040.

Only those contributions actually paid during the year are deductible. Unpaid subscriptions or pledges to be paid in the future are not deductible.

Deductible contributions are those made to qualified agencies and organizations in the United States who use the contributed amounts for religious, educational, charitable, scientific or literary purposes.

Contributions, to be deductible, do not have to be paid in cash. Fair market value of property donated or certain expenses paid while rendering services to a qualified organization are also deductible.

* * *

IF YOU contribute property, rather than money, you should submit a statement with your return showing the description of the property, date of gift, and method of valuation. In addition, for each gift valued at $200 or more, set forth any conditions attached to the gift; manner of acquisition and cost of other basis; and a signed copy of appraisal, if available.

Any amount given to individuals, political parties or candidates, social clubs or tuition to schools operated by a church are not deductible.

There is a limitation on the amount of contributions deductible. The amount of the limitation and other facts about contributions can be found in the form 1040 instruction booklet.

The Public Letter Box

TO THE EDITOR:

The Huron Township Supervisor admitted to me right in his own office that the Huron Schools do need the millage that is running out in June. However, he publicly opposed renewal of the five mills. Many times before the millage elections, he urged the voters of Huron School District to vote "no" on the millage. In this way he obstructed the work of the school board.

Now, Mr. Angel and the township board have approved two sewer resolutions which call for "unlimited millage." Huron Township will sell bonds which will have the backing of the "full faith and credit" of Wayne County. This means that Wayne County will use this unlimited millage if necessary to get the money from the Huron Township tax payers so that the county will not have to pay for the bonds.

Last week I saw a copy of a report by the Wayne County Auditors that, after the sewer bonds are sold, Huron Township will have one of the highest tax rates in Wayne County.

The report stated that there will be only three townships in the whole of Wayne County with a higher rate than Huron Township.

Mr. Angel tells us that the sewers will attract industry to Huron Township. The plan is to run a sewer line out into the southwestern part of the township where factories could be built. Without this line and the line to Sumpter Township, the sewers would not cost $4,490,000 and our debt would be lower.

Now, industry does not build in places where taxes are the highest. Industry is attracted to places where the taxes will be low.

Doesn't it seem foolish to push the taxes in Huron Township to nearly the highest in Wayne County while trying to draw industry to our Township?

Ray Miller

TO THE EDITOR:

It was not only refreshing to read the letter to the editor signed by Mr. Volk, but also pleasing to see his opinions finally expressed. His civic pride has been fully explained by his letter and I am sure no one, but me, feels he is interested in our township just as a business venture.

I am sure he will be as public spirited if the taxpayers in Ypsilanti Township want to question him about the 145 acres of land he has acquired on Ford Lake and his proposed apartment complex for that area.

Politicians and developers traditionally use tools of their trade such as innuendos, inferences, distorted facts, and a discrediting of people who ask questions, to try to sway the people toward a particular project.

Mr. Volk says I should talk to the people to get the facts. Mrs. Vincent's ex-property for example. The facts are - They talked to me. The Planning Commission People - they talked to me. The Township Trustees - they talked to me. The Auxiliary Police - they talked to me. The concerned people of our community - they continue to talk to me.

I have been asked to run as a candidate for Township Trustee in our next Township election and I have refused. I have no political aspirations except to see our natural resources used for the greatest gain of our whole community, not just a few people. Mr. Volk inferred I have asssociates, and he is right. They are my wife, two children, and many friends as concerned as I am about the future environment of our township.

* * *

We don't have millions of dollars, or are we able to control political influences. We rely solely on our desire to live in a reliable, responsible, family type community.

As I have stated before I have no desire to hurt Mr. Volk or any honest developer in Van Buren Township. I do want to see our township grow in an orderly fashion with our officials doing the job they were elected to do. I assume Mr. Volk, and his associates, feel they have enhanced their project by uncovering a "boogie" man, but how can they beautify some ugly facts usch as 3750 more cars - unless they won't own cars? Over 4000 more transient people, unless they promise to use "the pill"? Up to 1000 more boats on our lake, - unless all other landings are to be closed?

We have heard about rents from $190 to $300 per month from "substantial" people. Wouldn't these same people be able to purchase a home in this same area if it were available. Isn't it true industry avoids a "bedroom" area, one that is densly populated because they realize the school tax burden would fall heavily on them? Doesn't this problem of a lack of industry becuase of high density housing become worse with the influx of apartment houses?

Didn't the master plan for Van Buren Township, compiled a few years ago by professional planners at a cost of approximately $20,000, call for 275 acres of land to be set aside and used for apartments over the following ten years? Why have we had almost 200 acres put aside in the last six months? We were told when this controversary started the revenue from the Mc Mullan Project would be about $400,000 dollars and could be $800,000 dollars. Now I read only about the expected $800,000 dollars - which is right? We have been told the Wayne County Planning Commission endorsed this project. Isn't it a fact that the endorsement called for a lot less apartments and the rest of the land to be used for single dwellings?

When the name calling is over and we try to act like adults again these simple issues will still be evident.

Mr. Volk and his associates, and I wonder if we really know all of them, are concerned about making a profit from an apartment complex made more attractive by the use of Belleville Lake. Their business is making a profit and regardless of all the show of civic pride they wouldn't be in business very long without it.

I and my friends are concerned about preserving a way of life that most of us moved here to find. An orderly growth of our township will preserve that future for us. If this attitude is not in thinking with the democratic process in our community then true government by the people will never exist in Van Buren Township.

Rodney Ably

TO THE EDITOR:

It is encouraging to see a vigorous dialogue developing in the "letter box" over the McMullan rezoning issue. Public discussion of the pros and cons is in the best democratic tradition, and the Van Buren Civic Association welcomes it.

Last week, in a front page article, apartment developer Frank Volk said that "every forward-looking community is fighting for industry to help its taxpayers cover the rising costs of services for education."

We agree that industry is the best way to broaden the tax base. In fact, we would like to see the Van Buren authorities do more to bring industry into the township. But we don't agree with Mr. Volk "that apartment developments fall into the same category as industry."

* * *

THERE ARE some very important differences between new apartments and new industrial plants.

Apartment complexes do bring in additional tax revenues, but they also create far more additional costs to the taxpayer. For example, it has been estimated by the developer himself that two thousand apartments will bring at least five thousand more people into one small area of the community. This concentration will require a considerable increase in our current police and fire services, as has happened in Ypsilanti Township. (Is Van Buren ready for a full-time police and fire department?).

* * *

NO ONE can accurately foretell what the increased burden on our school system would be, but one thing is certain: the number of children in an apartment complex cannot be rigidly controlled. Whatever the increase in school requirements, the greater tax load will be borne by the property owners in the entire school district.

By contrast, new industries in the community provide their own services such as plant and fire protection. Most important of all, many of their employees live outside the immediate community.

Those families that do move into the community as a result of more industry, become property owners if the community is largely zoned single dwelling. They therefore become taxpayers and carry their share of the tax load.

James L. Borst
Chairman of
Van Buren Civic
Association.

TO THE EDITOR:

With reference to talk about the May 7 special election on the zoning issue, is this going to be a vote AGAINST someone rather than a vote FOR something of a constructive nature? Let's not let local politics keep Van Buren people from any new tax base they might be able to get. Let's heed the FACTS about apartment plans for the McMullan property. Anybody who can't see that we should have more, not less, apartments should look at his tax bill - then get out and vote for the plan.

Looking Ahead

Ten Easy Rules:

How Not To Bridge The Gap

1. Begin at infancy to give the child everything he wants. In this way, he will grow up to believe the world owes him a living.
2. When he picks up bad words, laugh at him. This will make him think he's cute.
3. Never give him any spiritual training. Wait until he is 21 and then let him "decide for himself".
4. Pick up everything he leaves lying around - books, shoes, clothing. Do everything for him so that he will be experienced at throwing all responsibility on others.
5. Quarrel frequently in his presence. In this way he will not be too shocked when the home is broken later.
6. Give a child all the spending money he wants. Never let him earn his own. Why should he have things as tough as you had them?
7. Satisfy his every craving for food, drink and comfort. Denial may lead to harmful frustrations.
8. Take his part against neighbors, teachers, policemen. They are all prejudiced against your child.
9. When he gets into trouble, apologize for yourself by saying: "I never could do anything with him."
10. Prepare for a life of grief. You are bound to have it.

Stewart and Fonda Teamed in 'Firecreek'

Warner Bros. - Seven Arts' "Firecreek" teams two acting giants - James Stewart and Henry Fonda - along with beautiful Inger Stevens, in an action-filled drama of the Southwest of the early 1870's. Producer Philip Leacock and director Vincent McEveety also cast as co-stars Gary Lockwood, Dean Jagger, Ed Begley, Jay C. Flippen, Jack Elam, James Best and Barbara Luna.

The screenplay for the Panavision - Technicolor Western was written by Calvin Clements and features some of the most beautiful scenery in the world, the rugged terrain of Oak Creek Canyon near Sedona, Arizona. The town of Firecreek was designed by art director Harold Hollander and was built at the Albertson Ranch in Thousand Oaks, California, about 40 miles from Hollywood. Hollander recreated a once-prosperous settlement crumbling into a ghost town.

In the film, opening this week at the Wayside Theater, Fonda portrays an embittered outlaw who, with his gang, brings terror to the small sleepy town of Firecreek. The sheriff of the town, played by Stewart, is forced into a single handed battle with the lawless gang. These two great stars bring an exciting climax to "Firecreek" in a final showdown.

Miss Stevens portrays a woman who has locked herself away from life after the death of her fiance. She starts to fall in love with the cynical Fonda, but cannot compromise her principles to his lawlessness.

March Weather

March weather is so fickle
We wouldn't give a nickel
For all they prophesy
About each low and high.
Tomorrow it may rain,
Or it may snow again,
And in addition to snow,
Winter winds may blow.

Or maybe, if you please,
A balmy summer breeze,
Or torrid air may parch,
Just because it's March.
Strange weather? Better shout it -
We can't do a thing about it.
Let the cards lie where they fall -
It's fickle March -- that is all.

"How vital is it that all of our people be trained, prepared and equipped for responsible citizenship at the every day working level. From early childhood we should all be taught the real meaning of our . . . form of government . . . that the blessings of liberty and the privileges of citizenship carry with them corresponding responsibilities and obligations, and above all that, without vigilance, caution, awareness and devotion, our cherished rights may be lost forever."

WHO IS FRANK VOLK?

Developer of Proposed Van Buren Apartment Complex

Frank Volk likes to walk. Each day, in early morning or late afternoon, he manages four to five miles of walking in the rolling section of Dearborn where he lives.

And he shows it. Weathered looking and rugged despite his 72 years, he moves deliberately but firmly about the tasks of the moment. With Lakeland Park planned as a long-term family investment on the McMullan property at Beckley road and the freeway service drive, he is looking forward to walking - and working - in the open Van Buren area by the lake.

Volk is the builder-developer who obtained township approval for an apartment-golf course development on the McMullan land. After studying the proposal and analyzing what the development would mean to the area in dollars and cents, the township board voted unanimously to rezone the property for multiples.

Large in concept and enlightened in planning, Lakeland Park will begin with an initial phase of 228 luxury apartments. As the building progresses, two community houses with swimming pools and a nine-hole golf course will be provided.

Denton and Beckley roads along the property will be concrete paved at Volk's expense, and the service drive along the north border will be improved by the state as the need develops.

* * *

THE DEVELOPMENT will be self sufficient recreationally and in such things as trash and garbage disposal, which will be taken care of by the Volk family as part of the service to tenants. As studies of such luxury department developments have proved, other services normally provided to taxpayers are covered several times over by the tax contribution.

In five to 10 years, as many as 2,000 apartments, commanding top rents from $190 to $300 and an equivalent caliber of people from professional, educational, research and business fields in Wayne and Washtenaw counties, can be pouring as much as $800,000 annually into the Van Buren tax stream.

* * *

FRANK VOLK is a little baffled, knowing the facts about planned developments of this kind, at some local opposition to Lakeland Park. No beginner in his understanding of local politics, he still is surprised at opposition which produced a demand for a referendum and establishment of a special election May 7.

To him, the referendum simply will ask the township's voters whether they want badly needed tax base, or in effect whether they want help in paying for the rising costs of government services and schools. He finds it hard to believe that those who signed petitions were really informed and feels that even those people will vote properly once they know the facts.

"Issues of this kind develop in one of two ways," he says.

"The most common route is by way of a single individual who for some private reason is opposed and manages to inflame others to join him, usually with lack of information or outright untruths. Petitions rounded up in this way do not in any sense represent the majority interest or even the majority thinking.

"The other way involves a small group of 'outs' who have been waiting for an issue to use against the 'ins.' In either case, people should not be confused by the innuendo and confusion created by this self-interested opposition.

"They should vote, first of all, and they should vote thinking of the whole community and how it can benefit. I have great faith in the voters' ability to recognize the real motivations and to vote for themselves rather than the self-interested group."

* * *

HE CANNOT conceive of a majority of voters deciding against his proposal because of the economic sense it makes for every voter, young and old. He believes this kind of development is needed and inevitable as the highest and best use of the land for the community as a whole.

The township, he believes, clearly is in the path of development.

"Nobody can stop the world," Volk says. "Land values anywhere are what people will pay for the land. Development always makes surrounding land more desirable and hence worth more. Van Buren will soon develop, one way or another, and all residents should realize that the best way to start is to be open-minded about types of development that provide tax base surpluses.

"Home ownership is a wonderful thing, but single homes do not offer surplus tax base and hence communities that make much of single homes to the exclusion of other things are in serious trouble.

* * *

"THIS COMMUNITY should be fighting for the right kind of multiple housing as well as for commercial and industrial progress, for only in this way will it be able to cope with the years to come."

Volk, as a Dearborn resident who worries about taxes as much as anyone else, cites the fact that 80 percent of Dearborn's taxes are paid by the Ford Motor Co. as an example of what can be accomplished with the right kind of tax base.

He is not, in any sense, a building baron eager to accomplish his ends no matter what the cost to the community. Rather, he likes to think of himself as a good neighbor who can bring good to the area. He is soundly established financially and in terms of experience, but this did not come easily.

Volk came up the hard way. He had to quit high school because family circumstances dictated that he work. For years thereafter, night school and correspondence courses were part of his life. He enlisted in World War I and served first under Eddie Rickenbacker and then under a young Army colonel by the name of Patton while the latter was organizing a tank corps.

Frank Volk

At 29, newly married, he built his first house - for himself and his bride.

* * *

SINCE THEN, the years with Mrs. Volk - Viola - have been busy ones. Four children, a boy, Frank Jr., and three girls came along and grew to adulthood. Lakeland Park was designed by Frank Jr., whose Southfield architectural firm, Volk & London Inc. has designed many things, from homes and medical centers to high-rise buildings.

A daughter, Mrs. Robert Stellwagon, is the wife of a mechanical contractor. Another, Mrs. William Poore, is a Dearborn school teacher whose husband is a building superintendent for Volk and is a former school teacher with a master's degree himself.

The third is Mrs. Eric Mueller, whose husband is a design engineer for Ford Motor Co.

These are important people for the Van Buren community to know because Lakeland Park will be theirs eventually. Volk has set up a trust for the four children and 12 grandchildren, setting aside 75 percent of the development as part of their inheritance.

* * *

THE GRANDCHILDREN range from four to 16 years old and the terms of the trust specify that any one of them must be 35 years old before he can sell his interest. Long-term family ownership thus is guaranteed - along with the kind of maintenance that preserves and enhances the investment.

"When anyone suggests this development will be 'dumped' after a few years," says Volk, "He just plain doesn't know what he is talking about."

Through the years, Volk has built some 3,000 homes for Detroit-area people, 700 of them adjacent to his Fairlane Apartments in Taylor Township. These 204 units are eight years old and Volk has just improved them to modern standards. They have been highly successful since the start.

His most recent residential subdivision is Golfview Manor along Six Mile road in Livonia, where nearly all of the 285 sites have been built with homes in the $30,000 to $45,000 range.

One of these homes was selected as "1968 Ideal Home" by the Builders Association of Metropolitan Detroit of which Volk is a member. This is the sixth year in a row that Volk has been selected as an Ideal Home builder.

Lakeland Park will be his biggest challenge.

Cancer Lists Area Drive Chairmen

BELLEVILLE -- It is now approaching the time when Americans can do something for the fight against Cancer. This disease will strike one person out of four at its present rate.

Cancer strikes any age group. 600,000 new cancer cases will be diagnosed this year.

200,000 cases can be saved, but we need your help. Late in April volunteers will call on their neighbors and let you help the programs of the American Cancer Society of research, service, and education.

Chairmen in the Belleville area are: Mrs. Charles Bole, 15545 Martinsville Road, and Mrs. Richard Pentland, 20539 Martinsville Road.

Mrs. Safety For 1968 Being Sought

MISS POPICH

Candidates in the annual competition to select Mrs. Safety for 1968 are being sought by the Women's Division of the Michigan Safety Conference. Deadline for entries is March 31, according to Miss Eleanor G. Bennett, of Kalamazoo, chairman of the division, which will participate in the 36th Annual Michigan Safety Conference at the Lansing Civic Center, April 23, 24 & 25.

Criteria for nominations have been sent to women's organizations and clubs throughout the state inviting them to submit nominations. Miss Bennett pointed out that nominations can be made by any individual, business or institution, and entry forms and details of the competition may be obtained by writing to the Conference at P. O. Box 1136, Lansing 48904.

Only volunteers are eligible in the contest. Persons whose job or profession involves safety education are not eligible. Nominees of previous years who did not win may be re-entered, it was pointed out.

Judges in selecting Mrs. Safety base their decision on the person's volunteer work in the field of safety, including community activities, safety leadership, quality of achievement and project responsibility.

Mrs. Safety - 1967... Mrs. Eugene DeMatio of West Branch, is going to crown the new Mrs. Safety.

Completes Cosmetology Courses

Pat Popich, daughter of Mrs. Christine Popich, of Wahrman road, Romulus, has completed her 10 - months cosmetology course at Hubbard-Wayne Beauty College. She graduated March 5 after passing all her exams. She is now waiting to take her state exams in Lansing at the end of the month.

A senior at Romulus High School, Miss Popich is planning to complete her education before taking up work as a beautician.

Bassinet Bulletins

Juanita Lynn is the name chosen by Mr. and Mrs. Louie Barber, of 48081 Wear road, Belleville, for their new daughter born March 14. Arriving at Belvil Community Hospital, she weighed in at 6 lbs. - 7-1/2 ozs.

* * *

Mr. and Mrs. Thomas Darling, of 8701 Belleville road, Belleville, have a new son. Born March 11, at Beyer Hospital, his weight was recorded at 7 lbs. - 12 ozs.

AT WAYNE CHURCH

Larry Beard, Judy Barker Wed In Candlelight Rite

Double ring vows were exchanged at the First Congregational Church of Wayne recently between Judy Barker, of Belleville, and Larry Beard, of Wayne. Dr. Samuel Cassel officiated the candlelight ceremony before an altar adorned with baskets of white snapdragons and chrysanthemums. Traditional bridal selections were played on the organ by Mrs. Orpha Hutty.

Parents of the young couple are Mr. and Mrs. Frederick Barker, of 3175 Sheldon road, Belleville, and Mrs. Margaret Beard, of 34240 Currier street, Wayne, and the late William Beard.

* * *

ESCORTED UP the aisle by her father, Miss Barker was gowned in an A-line creation of white satin with the bodice and long sleeves of Chantilly lace. The lace motif was also used at the hemline and again on the train which fell in unpressed pleats from the bodice. The bride's Grandmother, Mrs. Fred Barker, made the gown.

Her fingertip veil of silk illusion was caught to a small tiera and she held a white Bible covered with baby orchids and stephanotis. Completing her bridal finery was a cameo necklace, a gift of her bridegroom.

Identically dressed in gowns of teal blue velvet with antique lace trim were Beth Cooper, of Wayne, the maid of honor; and bridesmaids Cheryl Starbuck, of Wayne, cousin of the bridegroom; Linda Johnson, of Sheldon, cousin of the bride; and Judy Zanarini and Cheryl Love, both of Wayne.

Their accessories included teal bow headpieces and cascade bouquets of yellow mums and white carnations.

The bride's three-year-old cousin, Lisa Beth Johnson, wore a short frock of teal blue velvet for her role as ringbearer.

* * *

BEST MAN was the bridegroom's cousin, William Snodgrass. Others on the esquire side were William McConnell, Harold Buck, and Tom Barker. The couple's grandmothers were escorted to their seats by Richard Barker, the bride's younger brother.

Some 150 guests gathered in the Fellowship Hall of the church for the reception which followed. Mrs. Barker received in a gown of orange chiffon over crepe with accessories to match. Turquoise silk chantung was the choice of Mrs. Beard for her son's wedding. Both added white orchids to their ensembles.

The new Mrs. Beard is a graduate of John Glenn High School while her husband is a Wayne Memorial High alumnus. Both attended Michigan State University and are now making their home at Westland Estates, Westland.

Welcome Spring With Orange Pie

Orange Velvet Cream Pie is the thing for spring — lovely to look at, delicious to eat, and inexpensive to make.

The Valencia orange, Florida's prize citrus variety, is what makes this pie so good. This superb orange, with its deep colored peel and fruit, is practically seedless and has exceptionally sweet, rich flavor. Florida is harvesting its biggest orange crop in history this year, and prices are lower than ever. Valencias will be in the market from March to July.

The filling includes the sweet orange juice, unflavored gelatine, and either whipped heavy cream or evaporated milk. Firm of texture, yet light and luscious, the pie makes a pretty party dessert garnished with whipped cream and fresh, juicy orange sections.

Orange Velvet Cream Pie

1 envelope unflavored gelatine
1¼ cups Florida orange juice
⅔ cup sugar
1 tablespoon flour
¼ teaspoon salt
1 tablespoon grated Florida orange rind
2 tablespoons lime juice
1 cup heavy cream, whipped
or
⅔ cup thoroughly chilled evaporated milk, whipped
1 9-inch baked pie shell

Soften gelatine in ¾ cup cold orange juice in saucepan. Blend sugar, flour, and salt; add to softened gelatine; mix thoroughly. Place over medium heat; stir constantly until gelatine is dissolved and mixture is thickened. Remove from heat; add orange rind and remaining ½ cup orange juice and lime juice. Chill until mixture is slightly thicker than the consistency of unbeaten egg whites. Fold into whipped cream or whipped evaporated milk. Turn into pastry shell and chill until firm. Garnish with whipped cream and orange sections. YIELD: 1 9-inch pie.

Gas Company Presenting Cooking Demonstrations

Michigan Consolidated Gas Company's home economists will salute "Women Who Work" in a practical way by presenting half-hour demonstrations Monday through Thursday, March 25-28, to show how a woman's personal touch added to package foods can brighten them into delightful meals.

Mrs. Betty Young, acting director of the utility's home service department, points out that some 6,000 new items appear every year on grocers' shelves. These offer new short cuts and new convenience for women who work.

Mrs. Thelda Holt, a graduate home economist, will show "Women Who Work" how to prepare appetizing meals which will appeal to both single girls and working mothers who often rush home to prepare quick evening meals. "We will stimulate imaginations and appetites," she said. "It is important these days for women to know how to add personal touches to package foods to make their tables sparkle."

Demonstrations will be conducted at noon on Monday, March 25; at 11 a.m. and 1 p.m. on Tuesday, March 26; at noon on Wednesday, March 27; and at 1 p.m. on Thursday, March 28.

Each of the programs will last one half hour. All will be held in Michigan Consolidated Gas Company's home service auditorium on the second floor at One Woodward avenue.

Recipe booklets will be given to all who attend, and a complimentary luncheon will be served.

Women Who Work demonstrations are all open to the public. Reservations can be made by calling 965-8000, extension 2925.

Tasty Drippings

Drippings from bacon or roasts have wonderful flavor. Save them in a clean, covered jar in the refrigerator. Use them for frying potatoes, seasoning vegetables or browning meat after it's been dredged in flour.

Let us maintain the long-lasting freshness of your permanent press shirts. We know how to keep today's miracle fabrics at peak perfection. Try our modern laundry service soon . . . you'll like it.

Crisper! Longer Lasting! Better Fitting!

THE AMERICAN INSTITUTE OF LAUNDERING SAYS:
You may like starch . . . but your permanent press or wash 'n wear apparel doesn't.

Tests show that permanent press or wash'n wear fabrics — whether they're made of synthetics or treated cotton — just won't hold normal amounts of starch. So if you prefer starched shirts, uniforms or other apparel, better avoid them.

Whatever your choice, depend on us for clean, crisp, neatly pressed apparel you can always be proud to wear.

SURPRISE!!

PAT SCHLUND, who was dressed and ready to be taken out to dinner for her birthday last Friday, spent the evening at home instead. But in rather a nice fashion, we think, since her host and hostess turned out to be 13 couples who arrived with shouts of 'surprise' and all the fixin's for a pot-luck birthday dinner.

Having a hand in the 'under cover' arrangements were Doug and Gerry Liedel (who gave Pat a rain-check for that dinner-theater date they'd planned); Jim and Judy Wriska and Jack and Judy Wriska, all from Westland; Hank and Lu Matulewicz, Fred and Dolores Hogan, and Don and Betty Ihlenfeldt.

Still others were Frank and Catherine Day, Bob and Jean Hayward, Jim and Bea Ackron, Bob and Mary Lou Memering, Lou and Flo Toth, Wally and Dorothy Skszek, and Marvin and Judy Hayes.

Pat was presented with quite a collection of gifts - all with comical overtones - after which the group saw colorful slides shown by Don Ihlenfeldt of the recent trip which he and his wife, the Schlunds, Days and Haywards had taken to the Hawaiian Islands.

ANNOUNCING THE BIRTH--

HE'S HERE - finally - that little bundle which Jim and Sorita Egan have so eagerly awaited. Taking his own good time in arriving (she was more than a bit overdue) the future All-American totaled up a 9 lb. - 7 oz. score on his weigh-in March 12 at Beyer Hospital.

Jim (who's business manager for the Van Buren Schools) had the pleasure of passing out cigars for the first time in 13 years last week, and, we might add, he SOUNDED like a mighty proud new dad.

The baby was named Dale Allen Lewis Egan (the initials spell his name, you'll note) - Allen after Sorita's father; Lewis for Jim's grandfather; and Dale, the nickname of Jim's Alma Mater, Hillsdale.

BOBBIE BAPTIZED

ROBERT RAY LEWIS, who arrived shortly after the New Year, was baptized Sunday at St. Anthony's Church with Fr. Folta presiding. Tom Hudge and Rose Melidosian were the baby's god-parents and following the ceremony his mother and dad, Jim and Barb Lewis, entertained at a christening dinner.

Held at the Willis road home of the maternal grandparents, John and Clara Bokon, the party included the sponsors and their families; Joe and Jan Ross, from Garden City; Dick Campbell, of Rockwood; Ed and Mary Anne Hudge, Jim and Shirley Hudge, and Mary Kaye Bokon.

IN FROM GERMANY

THE WALLY SKSZEKS were at Detroit Metro Airport last week to meet the plane bringing Dorothy's nephew, Don Lasceski, of Kinde, Mich., and her cousin, Eldon Veginski, of Bad Axe, home from their army duties in Frankfort, Germany.

Back after 18 months abroad, the two boys were feted at a dinner party in the Skszek's Expressway home Saturday night. Attending the 'welcome home' get-together were the Ray Lasceskis and daughter, Bernie, of Kinde; the James Pratts, the John Veginskis, and Eldon's wife, Dolores, all from Bad Axe; the Eugene Duda family, of Clarence street; and Mrs. Sarah Duda, who has been the Skszek's houseguest for the past few weeks. Mrs. Duda, incidentally, is somewhat incapacitated with a broken shoulder - the result of a fall down a flight of stairs.

NANCY'S SIX

NANCY ANN HUDGE, who reached her sixth birthday March 14, was the little guest of honor Saturday at an eleven-to-two birthday party. Arriving in their party finery, gifts in hand, were Michele Kane, of Wyandotte; Jill Misna, Elizabeth and Melissa Stapleton, Valerie and Karen Sierota, Belinda Campbell, Kim Palmer, and Suzanne Stabnau. Nancy's little sister, Nora, also took part in the festivities which were highlighted by a lunch of dainty tea sandwiches, ice cream bars and cupcakes.

Forming a canopy over the dining room were yellow and green streamers and also adding party notes were colorful hats and little doll chair favors. After the group had played all the games which Nancy thought up, they watched her unwrap her many pretty gifts.

HERE 'N THERE

WORD FROM Memphis, Tennessee tells us of the promotion received recently by Belleville's Mike Barnett who now wears Corporal's stripes for the U.S. Marine Corps. The son of the Taft Barnetts, of Ecorse road, Mike and his wife, Vicki, (the former Vicki Vinson), are making their home in Memphis while Mike completes his aviation electronics studies at the Naval Air Station in Millington. Mike entered the Marine Corps last May and went on to graduate as the top cadet in his classes while in California . . . MRS. FANNIE COX, of Romulus, was honored on her birthday with a dinner at the home of her sister, Mrs. Rose Ann Druyor, also of Romulus. Present for the happy occasion were the honoree's brother-in-law and sister, Mr. and Mrs. James Brandon, from Rockwood and her brother and wife, Mr. and Mrs. J. B. Ouellette, of Wyandotte. Dropping in during the evening to wish her a happy birthday were numerous nieces and nephews as well as several great-nieces and nephews.

BRIDAL SHOWER

SOME 50 GUESTS gathered at the V.F.W. Hall, in Belleville, recently for a bridal shower honoring April bride-elect, Julie-Ann Peterson. Tagged 'miscellaneous', the afternoon centered around bingo games and a buffet lunch with Bonnie Pinter, Alice Pinter and Ethel Pinter assuming the duties of hostesses.

A wishing well, decorated in the aqua and white color scheme of the pending wedding, was used to hold the door prizes which were awarded during the party.

When it came time for Julie-Ann to unwrap her many useful gifts, she was assisted by her future maid of honor, Sandi Lipka, of Wayne; Beverly Januszyk, of Belleville, who will be bridesmaid, and little Debbie Pinter, who's to be flowergirl.

Julie-Ann will become the bride of Larry Branscomb, of Ypsilanti, April 19 at St. Anthony's Catholic Church.

MISS DARDA

Darda-Domen Betrothal Announced

The engagement of their daughter, Lorraine Darda, to Paul Domen, is announced by Mr. and Mrs. William T. Darda, of 34900 Grant road, Romulus.

The bride-elect is in her senior year at Romulus High School.

Her fiance, the son of Mr. and Mrs. Ray J. Domen, of 194 Liberty street, Belleville, graduated in 1966, from Belleville High School and is presently employed at Hoover Ball and Bearing of Ann Arbor as general inspector.

The wedding date has been set for July 6.

BALESTRIERI BARNABY

Detroit Church Setting For Double Ring Nuptials

White gladioli and lighted tapers graced the altar of St. Suzanne's Catholic Church, in Detroit, Saturday, March 2, as Frances Barnaby and Andrew Paul Balestrieri exchanged nuptial vows and wedding bands. Fr. Maloney presided at the eleven o'clock ceremony which united the daughter of Mr. and Mrs. Douglas L. Barnaby, 12110 Burt road, Detroit, and the son of Mr. and Mrs. Anthony Balestrieri, of 45105 Paris drive, Belleville.

Escorted to the sanctuary by her father, Miss Barnaby appeared in a formal gown of white brocade fashioned with a batteau neckline, empire waist, and wristpoint sleeves. A detachable train floated to chapel length as she walked.

A brocade pillbox secured her mid-back veil of silk illusion and she held cascading carnations centered with a white orchid.

* * *

AS HONOR attendant for her best friend, Mrs. John Kovacs, of Dearborn Heights, donned an empire gown styled with a royal blue velvet bodice and pale blue crepe skirt. A flowered comb with pale blue netting formed her headpiece and blue tinted carnations comprised her bouquet.

Paulette Poplawski, of Detroit, as the only bridesmaid wore a similar ensemble with the bodice of dark green velvet and the skirt of light green crepe. Her accessories and bouquet were in pale green.

Five-year old Ethel Lynn Karinen, daughter of the Robert Karinens, of Detroit, was the petite flowergirl in a full-length frock of royal blue velvet. The basket she carried was filled with blue carnations and her headdress matched that of the honor attendant.

* * *

WILLIAM BEGLEY, of Redford Township, served as best man and Thomas Everad, of Belleville; John Barnaby, of Detroit, the bride's brother; and John Kovacs, of Dearborn Heights, were ushers.

The U.F.W. Hall, in Detroit, was the setting for the reception at which Mrs. Barnaby greeted guests in a light blue ribbon dress with navy accessories. A blue orchid was pinned to the shoulder of her gown. For her son's wedding, Mrs. Balestrieri donned a soft green dress accessorized in yellow. She, too, added an orchid to her ensemble.

The newlyweds are now making their home at 112 N. Chapel, Waukegan, Illinois, near Great Lakes Naval Training Center where the bridegroom is studying to be an electrician's mate.

A 1967 graduate of Cody High School, Detroit, the new Mrs. Balestrieri was employed as a Travel Girl for Triple-A prior to her marriage. Her bridegroom is a 1967 Belleville High alumnus.

For their next attraction, the Wyandotte Community Theatre will present a two-act drama, "Monique," by Dorothy and Michael Blankfort, a combination of mystery and suspense with a touch of supernatural. When it played on Broadway, the New York critics agreed that it was one of the most unusual plays presented there in many seasons.

The director, Wayne Fawcett, has again assembled a superb cast of experienced actors. The cast includes Charles Elliott, of Huron Township, as Fernand Ravinel; Sallie Shone, of Wyandotte, as Lucienne Ravinel; Connie McNutt, of Taylor, as Dr. Monique Rigaud; Earilyn Dexter, of Flat Rock, as Henriette; Henry Mason, of Wyandotte, as Merlin; Al Castolde, of Southgate, as Gouttez; Harold Weller, of Southgate, as Andre; and Bill Picinis, as the messenger.

March 28, 29, and 30 curtain time is 8:30 p.m. and March 31 curtain time is 7:30 p.m. It will be held at the Abraham Junior High School, 4460 18th street, Wyandotte.

Tickets are $2 for adults and $1.25 for students. Further information and reservations may be obtained by calling Mrs. Mason at 284-0375.

Casting for the rollicking comedy, "Barefoot in the Park," by Neil Simon, will be April 1 and 2 at the Loft, 217 Stoll, Wyandotte, at 8 p.m. Scripts are now available at the Wyandotte, Trenton and Southgate Libraries. The cast will include four men and two women. More information can be had by calling Peggy Sperer at AV 5-2814. This production will run from May 16 thru May 19.

Frank Scramble

Give a youngster a protein boost for breakfast by serving him sliced frankfurters in scrambled eggs. Those thinly sliced hot dogs added to the egg-milk mixture when it's poured into the frying-pan for scrambling may be just the thing to catch and hold his interest long enough to get him to eat this important first meal of the day.

First Friday Club to Hear Fr. Schlinkert

BELLEVILLE -- A former Belleville priest will address the Wayne Area First Friday Club, April 5, at Howard's Town House Executive Dining Room, located on Michigan Avenue, just east of Venoy Road, Chum Stockwell, publicity chairman, announced.

He is Fr. Raymond Schlinkert, former assistant pastor of St. Anthony's Catholic Church of Belleville. Fr. Schlinkert is well known to the TV viewers on WJBK-TV 2 with his weekly program "With This Ring."

Lloyd Freeman of 274 Columbia is heading up a delegation of Father's Belleville friends who would like to attend. There are a limited amount of tickets at $2 which includes buffet lunch available and can be had on a first come basis by calling Freeman at OX 7-8724.

Area Senior Sponsoring Dance Recital

BELLEVILLE -- The Belleville Area Senior Citizens are sponsoring a dance recital, "Shall We Dance" with 80 students from Janet (Bitner) Oliver's Dance Studio.

The dance will be held at the Belleville Junior High School Cafetroium, Friday, April 5 at 8 p.m. Admission will be 50 cents.

The Belleville Junior High School band will be on hand to provide an overture and intermission music for the recital. The band is under the direction of Richard Coffelt.

Local Student Is Officer

MT. PLEASANT--New officers in Sigma Kappa social sorority at Central Michigan University include Miss Linda Hogan, Belleville sophomore as social chairman.

Sigma Kappa, one of ten social sororities on campus, is one of the first sororities established at Central and has 50 members. The sorority promotes scholarship, leadership and service among its members.

Miss Hogan, 19, is the daughter of Mr. & Mrs. Fred Hogan, 6111 Rawsonville road and is a psychology major at Central Michigan. She is a 1966 graduate of Belleville High School.

T.E. Swaffer Participates In BJU Opera

GREENVILLE, S.C. -- John David Swaffer, son of Mr. and Mrs. Thomas E. Swaffer of 48660 Hull, Belleville, is assistant production manager for the presentation of Verdi's opera "Rigoletto" on March 28 and 30 at the Bob Jones University campus here.

The productions will feature the Bob Jones University Opera Association and the University Orchestra. Swaffer is a sophomore at BJU majoring in mathematics.

Four guest artists from the Metropolitan and other leading opera companies will sing the major roles. Sherrill Milnes, baritone, will sing the title role; Doris Yarick, soprano, will appear as Gilda; John Craig, tenor, will sing the role of the Duke, and Ara Berberian, bass, will be Sparafucile.

University students and faculty will sing minor roles and chorus parts as well as perform in the orchestra. Organized 27 years, the University Opera Association provides an excellent opportunity for students to participate in the greatest operas ever written and with the best-known professional singers of our day.

Services Held For Mr. McNutt

ROMULUS -- Woodbury J. McNutt, 53, of 7305 Middlebelt Road, Inkster passed away (March 11) at Riverside Hospital after a six weeks illness. Death was attributed to multiple blood clots.

Mr. McNutt was born in Romulus Township, Sept. 11, 1914. He attended the Woodville School which was located on Merriman Road, off Goddard, which is now a part of the Detroit Metro Airport.

Mr. McNutt worked at Great Lake Steel Corporation in Ecorse before being employed with Wayne County Roads, New Boston; Fellrath Lumber Company in Inkster for 20 years, and with Sibley Lumber in Plymouth.

He also worked at the Golf Course at Romulus and Birch Hill in Wayne before getting employment at Ford Motor Company as a Hi-Lo Operator at Dearborn Engine Plant in Dearborn five years and five months ago.

Woody bowled in the Romulus Merchants Bowling League and was Captain of the Ra-Mac Electric Team for the past 18 years. He was a lifetime resident of Romulus Township.

On July 10, 1937 Woody was united in marriage with Dorothy Sherman of Romulus at Mt. Hope Methodist Church, Detroit. Officiating was a former Romulus Methodist Church pastor, Rev. Victor S. Darling. He was the son of Edna E. and the late Thomas J. McNutt.

Survivors are: his wife, Dorothy; son, Robert, of Taylor; daughter, Carol, at home; and grandson, Michael Alan McNutt.

Also surviving are his mother, Edna E. McNutt; and brothers and sisters, Calvin, of Dearborn; Melbourne of Inkster, Mrs. Ervina Traskos of Belleville, Malcolm of Inkster, and Mrs. Gloria Jean Prill of Belleville; also several nieces and nephews and a great many friends.

Funeral services were held Thursday, March 14, at 2 p.m. at the Uht Memorial Funeral Home in Westland. Burial was at Michigan Memorial Park, Flat Rock. Rev. Frank Leineke officiated.

The Woodbury McNutts moved their home, formerly located on Goddard Road, to the present Middlebelt Road address when the Detroit Metro Airport was expanded.

Romulus High Paper Wins Honors in Press Project

ROMULUS -- "FLIGHT" a publication at Romulus Senior High School, has been awarded the Certificate of Honor in recognition as the best Wayne County entry in the 31st annual School Press Project co-sponsored by the National Tuberculosis and Respiratory Disease Association and the Columbia Scholastic Press Association.

The paper was one of four award winners in Michigan. It has been passed on to national judging.

Terrence W. Connon, advisor to the staff of FLIGHT, and the student editor have been invited to Lansing on Wednesday, April 17, to participate in a recognition day program.

The School Press Project is promoted in Wayne County by the TB and Health Society. It is designed to encourage individual initiative in young people; to motivate their reaching out beyond the school into the community; to educate them, and others through them, on problems of health in general and tuberculosis and other respiratory diseases in particular.

It also helps to demonstrate how health problems are attacked on a community-wide basis with a voluntary health agency leading the way; it stimulate s interest on the part of youth in a health career and helps them to become interested, alert, responsible citizens.

Because of their vocal powers mockingbirds were once kept in cages as pets but this is no longer legal.

D.L. Hubert Promoted By U.S. Navy

NEW BOSTON -- David L. Hubert, son of Mr. and Mrs. Glenn Hubert of 18736 Huron River Drive, has been promoted from Warrant Officer to Chief Warrant Officer.

CWO Hubert and his wife, the former Netitia Howe, also of New Boston, were both graduates of Huron High School, class of 1956-57.

He is presently assigned as a Test Facility Site Officer at the U.S. Naval Air Base, Lakehurst, New Jersey.

The newly promoted officer joined the Navy in August, 1956.

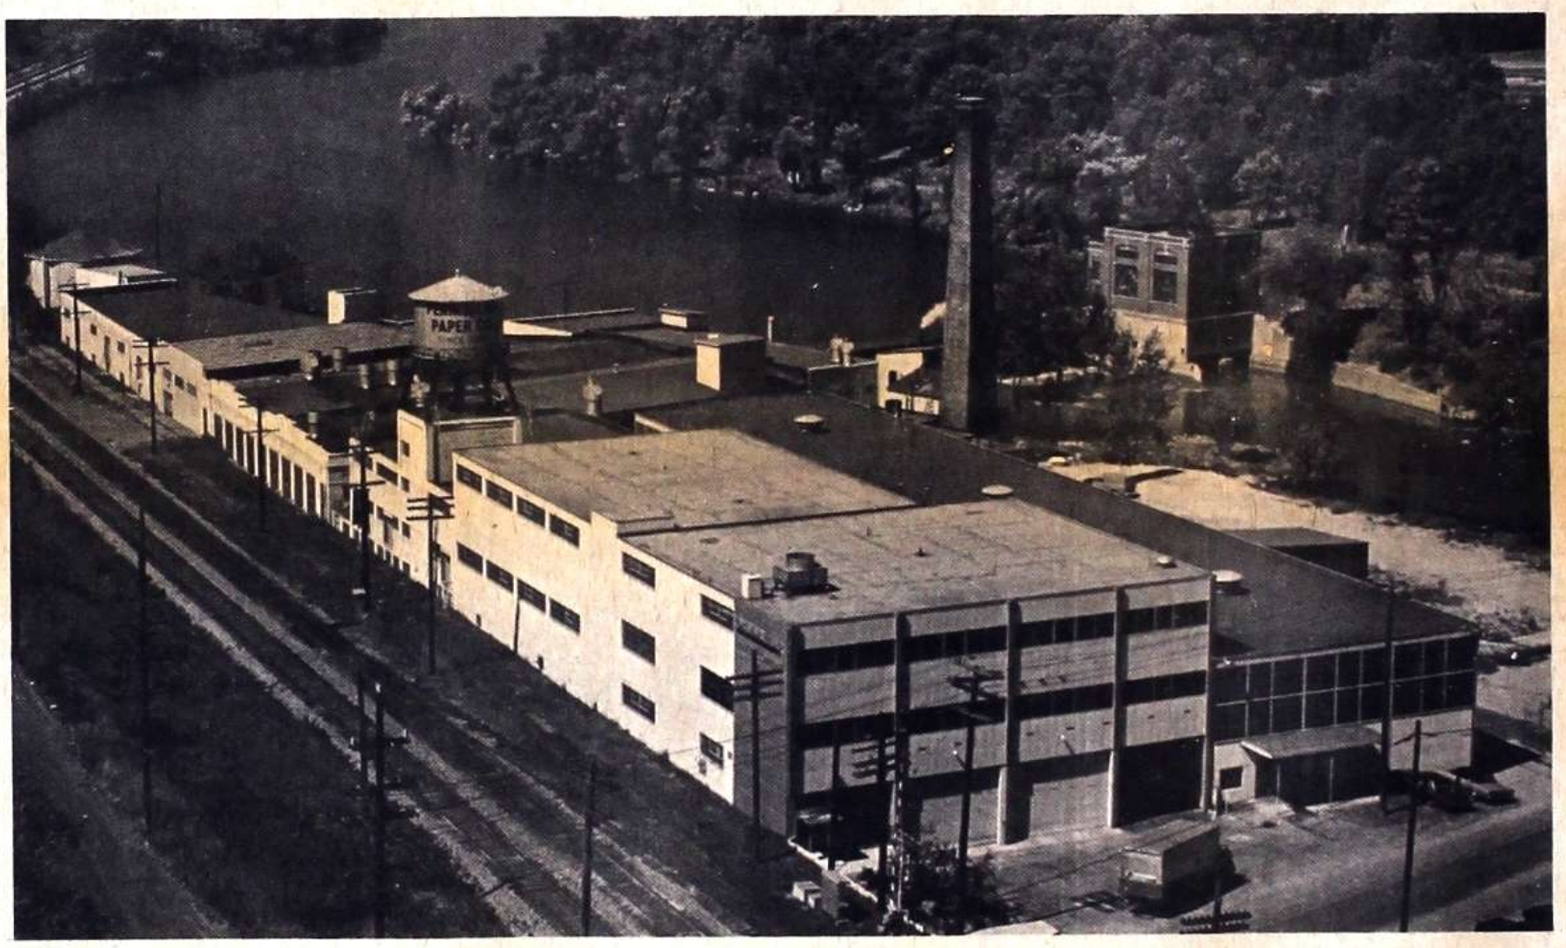
To the Citizens and Taxpayers of Belleville



Peninsular Paper Company has as of today ceased putting our paper mill colored water effluent in the Huron River. We have been working with the Water Resources Commission for three years to find a workable solution to the ever increasing problem of water pollution in the Huron River Valley. A simple solution was available when the City of Ypsilanti completed its new secondary sewage treatment in 1966-67. The ample capacity of this treatment plant enabled the Peninsular Paper Company to pass its colored paper effluent to this treatment plant. Peninsular Paper Company is forced to live with this colored water problem, due to the nature of our many order changes and the vast number of colored papers we manufacture.

Our colored water effluent is pumped to the City system via an 8" underground line. This line, pumps and flow recorder, has been in the process of installation since October of 1967. The cost of this equipment has been $14,000.00. We anticipate the City of Ypsilanti will realize approximately $49,000.00 annually for treating the million plus gallons of water per day from Peninsular Paper Company.

We are pleased that a simple solution has been worked out and that the City of Ypsilanti's existing new equipment can handle our effluent.

Thank You

Daniel T. Quirk

SHOES GALORE and they are all available at the new Super Shoe Stores outlet, located at 3518 Wayne Road, north of Michigan Avenue. Last week's Grand Opening of the new establishment has been extended another week (March 18 to 23) because of "tremendous" crowds. Some 10,000 pairs of economy-priced shoes are stocked for customer selection.

Super Shoe Extends Its Opening Sale

WAYNE -- The Grand Opening of Super Shoe Stores, Western Wayne County's newest business, has been extended for another week, management officials announced.

The extension of the Grand Opening of the area's huge new volume-type shoe outlet held last Thursday, Friday and Saturday, was prompted by "tremendous" crowds.

The new establishment is located at 3518 Wayne road, a block north of Michigan avenue. It has 4,500 square feet of merchandising space. An inventory of some 9,000 pairs of economy-priced shoes are available for customers.

Many free gifts, orchids, balloons, cigars and pens were ordered for the Grand Opening.

Regular store hours are 9 a.m. to 9 p.m. daily and on Saturday from Noon to 6 p.m.

Super Shoe Stores has available shoes that are priced from 50 cents up to $15 for certain men's varieties. Discount priced accessories are also regular features of the store's sales promotional programs.

DeMolay Week Is Celebrated

BELLEVILLE -- The week of March 16 - March 23 has been declared National DeMolay Week.

The Belleville Chapter of the Order of DeMolay formally started the week's activities by observing DeMolay Devotional Sunday March 17.

Several of the members met at the Belleville Masonic Temple at 10 a.m., where they donned robes and walked to the First Methodist Church for morning worship.

After returning to the Temple a group of them ate breakfast together at a local restaurant. Terminating the week's activities will be a trip to the Bay City Consistory Cathedral in Bay City on March 23. Many of the members are expected to attend the annual Michigan DeMolay Winter Workshop to be held there.

The Chapter is pleased to announce the election of Miss Darlene Clark as their Chapter Sweetheart for the coming year. Miss Clark, daughter of Mr. and Mrs. Jack Clark of Belleville, is presently serving as Worthy Advisor for the Belleville Assembly No. 49 of the Order of Rainbow for Girls.

Previous activities for the month included a party held in the High Tide Room on Saturday evening, March 9. The Chapter invited the members of the local Assembly of Rainbow, as well as special guests and a pleasant evening was spent by all.

Japanese regard Mt. Fujiyama as sacred and each year pilgrimages are made to it.

Congressman Ford Announces His Annual Public-Opinion Poll

Congressman William D. Ford (D-15th District) is polling his constituents on major national issues for the fourth consecutive year.

Questionnaires are being mailed this week to each of the more than 135,000 homes in the 15th Congressional District, seeking opinions on issues ranging from Vietnam and the proposed income surtax to air and water pollution, unemployment and firearms control.

Results will be tabulated by volunteer workers, and announced as quickly as possible. The tabulations will be placed in the Congressional Record and forwarded to President Johnson.

Congressman Ford declared that any person who does not receive a questionnaire should write him at his Washington office, 1006 House Office Building, and request a copy.

"In past years, we have had responses of between 10,000 and 12,000," Ford said. "I am hopeful that there will be an even larger response this year."

On the questionnaire, Ford points out that, "While the ultimate judgment, and decision is mine, knowing your views will by very helpful to me as your Congressman."

* * *

IN ADDITION to eight questions calling for a simple yes- or - no answer, Congressman Ford's questionnaire includes two questions which call for written answers.

One asks, "Do you approve of the present United States policy in Vietnam and Southeast Asia?" and then continues, "If not, what course of action do you suggest."

Ford pointed out that the entire Vietnam - Southeast Asia problem is too complex to be answered satisfactorily with multiple - choice questions or simple yes-or-no check marks.

The other "open-end" question provides three lines to list, "the most vital problems facing our nation today."

Ford said that many people complain that the Federal Government is not responsive to the viewpoints of the people.

"Here is an opportunity for my constituents to express their views, and have them heard at the very highest level of the Federal Government," Congressman Ford said. "I urge every person to fill out and return his questionnaire, and to encourage his friends, relatives and neighbors to do the same."

BHS Student Council Hosts Suburban Meet

By Jimm Phillips

BELLEVILLE -- THE 23rd Annual Suburban Six Student Council Conference was held in the library of Belleville High School, last Wednesday (March 13).

The schools represented were Allen Park, Bentley, Belleville, Plymouth, Redford Union and Trenton. The student council representatives from the various schools began arriving at 8:30 a.m. After the welcoming talk by Principal John Ford, an introduction was given by the President of the Belleville Student Council, John Gasidlo.

Each year a candidate is chosen as a delegate to the National Student Council Convention. After hearing each candidate speak in the morning the entire group voted. This years delegate will be Ron Anderer from Redford Union High School.

* * *

THE KEYNOTE speaker for the session was a Psychologist from Livonia, Dr. Clay Lafferty. He spoke to the students in regard to many present day problems now facing the high schools. He spent time discussing the drop-out problem, teacher-student relations, as well as relations among students of different types. He backed his statements up with many examples.

The students were allowed to ask Dr. Lafferty some questions and he very quickly gave his answer to those asked.

Many of you may have noticed some visitors in the cafeteria, after Dr. Lafferty's talk the students ate lunch in our cafeteria. Many of the visitors complimented the school for its friendly student body.

After lunch the group reassembled for a report from last years delegate, Lori Garden, also of Redford Union. The meeting was adjourned at 1:45 p.m. and the students left for their own schools.

Award Deuschle High Degree

STUTTGART, Germany -- Lieutenant Colonel Raymond D. Deuschle, son of Mrs. Alice Deuschle of Ravina, S.D., has been awarded a master's degree in aerospace operations management by the University of Southern California (USC).

The degree was conferred during graduation ceremonies at Headquarters, U.S. European Command, Patch Barracks, Stuttgart, Germany.

Colonel Deuschle completed his degree requirements through the USC on-base extension program under an Air Force program which assists members toward advanced degrees. He is a logistics staff officer at Patch Barracks.

The colonel was assigned to the Asiatic-Pacific Theaters of Operations during World War II and served during the Korean War.

* * *

HE WAS commissioned in 1950 upon completion of the Reserve Officers Training Corps program at USC. Colonel Deuschle received his bachelor's degree in business administration in 1961 from the University of Omaha. He attended Ravinia Consolidated High School.

The colonel's wife, Shirley, is the daughter of Mrs. Albina DeMara of Romulus. The Deuschles are the parents of Denise, 14, and Leslie, 12.

New Low-Cost 'Automatic' Chain Saw Offered by Nagy

NEW BOSTON -- A new lightweight "easy-to-use" chain saw designed primarily for homeowners, outdoorsmen and farmers, has just been introduced by Nagy Implement Sales, 19162 Huron River drive, local dealership for McCulloch chain saws.

Bill Nagy, owner of the local power tools outlet, reports the new saw is the McCulloch MAC 10-10 Automatic. The automatic designation means that the saw continuously pumps oil onto the chain while it is cutting into the wood, Nagy said.

This automatic lubrication is claimed to improve cutting efficiency and extend the life of the bar and chain. A separate manual oiling system also can be used to pump additional oil when the wood is particularly tough or dirty.

With a lightweight unit that weighs only 10-1/2 pounds, the MAC 10-10 Automatic is an all-around excellent tool for cutting firewood, trimming trees and branches, clearing land and cutting lumber and timbers, Nagy reports. "It can cut an eight inch log in just about six seconds", he said.

* * *

NAGY IMPLEMENT is offering this new chain saw at a special manufacturer's suggested introductory list price of $188.88. This price includes a 16 inch guide bar and McCulloch chain. The unit comes completely assembled as a "package" - merely add fuel and the saw is ready for action, said Nagy.

He further states that this saw incorporates all the advanced features found in larger professional McCulloch saws, such as a high performance 2-cycle engine with reboreable cylinder, ball and needle bearings throughout, automatic rewind starter, weatherproof ignition and others.

To highlight the introduction of the MAC 10-10 Automatic Nagy Implement is also offering a "Weekend Woodcutter's Bonus Kit" absolutely free with the purchase of this new chain saw.

* * *

THIS KIT contains a whole collection of chain maintenance tools and chain saw accessory items which make using and maintaining the saw more convenient, Nagy said.

"With this new MAC 10-10 Automatic and the Bonus Kit, almost anyone can become a pretty good lumberjack in no time at all", Nagy remarked in concluding the announcement.

The new chain saw is now on display at the local dealership. All interested persons are cordially invited to stop by for a free demonstration.

Despite finishing with a 9 and 14 record, the Wayne State University basketball team outscored their opponents this season 1796 to 1769.

"REPORT FROM ANN ARBOR" was the topic of an address presented last Tuesday, March 12 before Belleville Rotary Club at the First Methodist Church by Donald A. Morris, manager of special programs at the University of Michigan (center). 2 Romulus Students Picked for Boys State

ROMULUS -- Two Romulus High School students were selected to attend the American Legion Wolverine Boys State Convention on June 12-19. The students, Mike Morgan and Steve Binkowski, are sponsored

MORGAN BINKOWSKI

by Romulus Kiwanis Club and the Progressive Club of Romulus respectively.

The alternates are John Wagner, Richard Cieciek and Woody Barker.

The youths were chosen by a selection committee composed of Robert Lachance, Miss Nancy Muck, Robert G. Moore and Harry G. Willnus, all teachers at Romulus Senior High. The boys were asked their opinions and views on current happenings. Mr. Willnus organizes the trip for the boys each year.

WOLVERINE BOYS' State is an experience in democratic living. The students set up a model state government based on Michigan government. Upon arriving at Boys' State each boy is placed in one of 20 cities, each city having approximately 50 boys within its boundaries. Each boy is also placed in one of two political parties, either the Nationalist or the Federalist.

The climax to the entire week is when the Boys' State Governor is selected by the 1,300 boys in attendance.

Various social activities are included in the week-long stay.

Student Reports on Program

By Mark Riggs

BELLEVILLE--Our initials are R.O.M.P. Inc., which stands for Research of Mining Practices.

The project director is Steve Theadore. The other members in the class hold various positions, such as Electrical Engineer, Personal Director, Secretary and Accounting, etc.

The goal of this six-week Industrial Arts Group Project at Belleville Junior High is to learn about the mining done today, the methods, and the types through reports, field trips, and building models of the various mines and equipment.

Presently everyone is holding management positions, but after reports are given, seminars are held, and everyone has a good idea what is done in the management positions, the work will begin on the models.

Everyone will work toward this goal. It should teach us a lot about today's mining, and be interesting as well.

The third hour eighth grade class should learn a lot from "R.O.M.P."

TIGER TALES

By Joy Morris

The twenty-third annual Suburban Six Student Council Conference were guests of Belleville High School last Wednesday, March 13. Principal John P. Ford opened the conference.

John Gasidlo president of BHS Student Council gave a speech of introduction. Afterwards, the different school delegates gave speeches to decide who would represent the Suburban Six in the National Conference in Texas.

The candidates were David Ford, Belleville; Ivy Boicourt, Bentley; Ron Anderer, Redford Union; Pauline Forst, Trenton; and Janet Eddy, Plymouth. The only school that wasn't represented at the conference was Allen Park.

Dr. Clay Lafferty, Psychologist at Livonia, spoke on problems facing high schools today, such as drop-outs, teacher-student relations, and the varied student population.

THE BELLEVILLE TIGERS played three games in the district tournament basketball competition.

The first game was played on the campus of Eastern Michigan University at Bowen Field House, Ypsilanti. The game was Tuesday, March 5, and the eager Belleville team whizzed by Wayne's John Glenn team with a score of 71 to 44. This let the Tigers meet with Cherry Hill Thursday, March 7, for their second game in the district competition.

In that game the Belleville team was behind until the last part of the game when they ignited and won 57 to 52. This then enabled the Tigers to play the Ypsilanti Braves.

Belleville was ready and determined to win, but suffered a defeat with a score of 75 to 51.

The top three scorers for the district games were Wilson Boone, 46 points; Bob Fowlkes, 38 points; and Norm Harrington, 23 points. The game with the Ypsilanti Braves ended the season for the Tigers.

For many people it may seem strange to plan and select things ahead of time, but that is what the Tiger Lore staff has been doing these past couple of weeks.

* * *

THE STUDENTS who wished to be on the Tiger Lore staff were directed to pick up applications and fill them out. From the applications received, the students on this year's staff went through and selected the ones for next year. The final decision was up to Mrs. Connie Kress and Pat Wykes, editor in chief of this year's staff. The staff for next year follows:

Sponsor, Mrs. Connie Kress; Editor in chief, Cindy Sobecki; Assistant editor, Virginia Klimecki.

Classes Section: Margaret Kovacs, editor of section; Robin Keyser, and Karen Skszek. Senior Section: Nancy Cooper, editor of section; and Noreen Nalli.

Sports Section: Gary Bodenmiller, editor of section; and Chris Boyd. Activities Section: Virginia Klimecki, editor of section; Mari Smith and Debbie Thompson.

Underclass Section: Vickie Hayes, editor of section; Barbara Lobbestael and Becky Underwood. Ads Section: Steven Pratt and Janet Walters.

Photographers: Rich Hendrix, Rich Miller, editor of section; Greg Sheldon and Chuck Weber. Business Section: Carole Seymour, editor of section; and Cindy Carpenter.

MEMBERS OF the Senior Band here at Belleville received superior ratings at the District 12 Band and Orchestra Festival at Lincoln Consolidated High School. From this they will participate in a statewide festival April 27. Other activities include the State Solo and Ensemble Festival held in Ann Arbor April 23. To qualify for this, band members had to earn superior ratings at the District Solo and Ensemble festival held at Ford Community College.

There are one hundred-seventy-five seniors who are anxiously awaiting their senior trip. They will leave from Howard Johnson's parking lot March 31, at 7:30 a.m. The teachers from Belleville who will accompany the seniors follows:

Mrs. Phyllis Lawrence, Mrs. Janet Linn, Mary Claire Ellward, Mrs. Mary Ann Drysdale, Cleon Wright, Ermil Jones, Garrett DeJong, James Coplas, and John P. Ford, principal. Each student paid $130 and much of their money was earned from the candy sales in which they paricipated throughout high school.

The students will go to New York and stay at the Taft Hotel. While they are there, they will tour lower Manhattan, United Nations, Lincoln Center and Radio Center. They will leave there for Washington, where they will reside at the Diplomat Hotel. They will visit the Capitol, Alexandria, Virginia, Mt. Vernon, National Monuments and Gettysburg. They plan to return to Belleville on April 6.

Steve Skinner Finishes Class

BELLEVILLE--Marine Private Steve Skinner of 41549 Expressway, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

He will now undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

Edgemont Names Bee Winners

BELLEVILLE -- Diane Craven, a student in Jonathan Hale's sixth grade class at Edgemont Elementary School, won the school's Spelling Bee. She spelled the word maintenance correctly.

Diane is 12 years old and the daughter of Mr. and Mrs. George Craven of 11514 Fisher Road.

Diane also won the sixth grade spelling bee in February. Being the grade level winner and a school winner and now the school champion, Diane will receive awards of an inscribed copy of Webster's New Collegiate Dictionary, Bronze Medal, Paper-Mate automatic pen and a certificate of championship.

Cynthia Palmer, the daughter of Mr. and Mrs. Kenneth Palmer of 128 Clarence Street, is the runner-up. Cynthia is 11 years old and in Mrs. Stella Bialas' sixth grade.

The Fifth Grade Spelling Bee winner is Patsy DeGraves, 11, daughter of Mr. and Mrs. Fred DeGraves of 220 Church Street. She is in Mrs. Velma Kulzer's room.

Brenda Minder, the runner-up, is the daughter of Mr. and Mrs. Kenneth Minder of 44089 Expressway. She is 10 and a student in Mrs. Mona Salisbury's room.

On April 3 all local school winners will meet for a spell-down to determine the district winner. The winner of the district contest will compete on May 8 in the Metropolitan Spelling Bee in Detroit.

Gets Assignment

ROMULUS -- Army Private Steve Goodrich has been assigned to Company E, 19th Battalion, 5th Brigade, in the United States Army Training Center, Armor (USATCA), Ft. Knox Ky.

Following the completion of basic training, Pvt. Goodrich, who is the son of Mr. and Mrs. Ernest Goodrich of 37537 Vanpetten, will receive at least an additional eight weeks of either advanced instruction or on-the job training to qualify him in a specialized military skill.

You'll buy a new furnace maybe once in your life. Here's how to do it right.

First, call Edison. We'll give you the names of electric heat contractors near you. Each has been Edison-approved as capable and reliable.

Next, the contractor will check your home, review your needs, and recommend the type of heat best for you. He will estimate both installation and operating cost and give them to you in writing. All without obligation. We'll check the quotes if you like.

Then, after your new electric heat system is installed, Edison and your contractor will make any adjustments necessary to the system if operating cost exceeds the original estimate during the first three years of use. At the end of this time, if operating cost still exceeds the estimate, and you aren't satisfied, Edison will remove the system and refund your original price.

That's our new Three-Step Protection Plan. Remember the first step. Call Edison.

Van Buren Township Board Minutes

REGULAR MEETING
FEBRUARY 13, 1968

Meeting opened with the Pledge of Allegiance to the Flag.

Supervisor Toth called the meeting to order at 8:00 P.M.

Board members present were: Toth, Birk, VanDeCar, Stoelton, Maton, Hogan and Payne. Also present were Attorney Hopson and 22 interested citizens.

Motion by Hogan, support Birk, to approve the minutes of January 26 as presented. Carried unanimously.

Correspondences were read, discussed and filed.

Supervisor Toth reported a meeting with Detroit Edison pertaining to the purchase of Edison's lake property. Detroit Edison is willing to sell the lake and 101 acres adjoining. Mr. Toth reported the lake and adjoining property could be bought for a master recreation area, if the people would approve a 2-mill increase for this purpose.

Motion by Hogan, support VanDeCar, for Supervisor Toth to further explore all aspects of the purchase of Edison Lake property, the costs involved, insurances, maintenance, etc. Carried unanimously.

Motion by VanDeCar, support Hogan, to refer a letter asking for financial support from Chester Wojie, President of the Little League Association, to the Township Recreation Committee. Carried unanimously.

Due to a very hazardous condition on the curve on Denton Road, south of the I-94 Expressway, and a letter from Mr. W. F. Jenkins, who stated the many accidents and destruction of property in the area, a motion was made by Hogan, support Birk, for the Clerk to draft a firm communication to the Wayne County Road Commission stressing the need for the installation of a continuous guard rail on Denton Rd., and if this is not done, to ask for a representative of the Road Commission to appear at a Township Board meeting to explain the reason. Carried unanimously.

Due to the many complaints of the Township taxpayers, Mr. George McEachron, of the Wayne County Bureau of Taxation, was invited to the Board meeting to explain how the state equalization factor was determined under the new state formula. Mr. McEachron stated that a sales study had been taken of approximately 100 sales in Van Buren Township. Supervisor Toth stated that some of the taxpayers were over-assessed and that this was not a fair study based on a 3-year period of sales. During the discussion of approximately 1-1/2 hours, the County suggested re-assessment of the whole Township, but Mr. Toth argued and Mr. McEachron agreed, that in one year, with the spiraling upwards of sales prices, another factor would have to be determined.

Motion by VanDeCar, support Stoelton, to accept the recommendation of the Van Buren Township Planning Commission and re-zone from M-2 (Heavy Industrial) to R-1B (Single Family) property lying west of Lenmore, south from Northline Rd. to Savage, Lots 4 thru 12 and acreage Blb, Bla2-3-4 and 5. Carried unanimously.

Motion by VanDeCar, support Stoelton, to execute a resolution from the Liquor Control Commission for a transfer of a SDD and SDM license, located at 45455 Ecorse Road, from James T. & Judith A. Wriska to Robert J. and Catherine A. Beck. Carried unanimously.

Motion by Stoelton, support Hogan, to execute a resolution and contract with the Wayne County Road Commission for dust paliative for Township roads. Carried.

Motion by Hogan, support VanDeCar, to authorize payment to William Harris of $2,331.70 for a repair job on Belleville Road that was caused by Sinacola Construction Co. while in the process of laying the sewer lines. Sinacola is to reimburse the Township for this bill. Roll call vote was taken and carried unanimously.

Motion by Hogan, support Payne, to refer to the Township Attorney for proper wording, an amendment to the Township Ordinance pertaining to land splits in Van Buren Township. Carried unanimously.

Motion by Birk, support Stoelton, to extend without penalty the payment of Township taxes thru February 29, 1968. Carried unanimously.

Motion by Hogan, support Birk, to accept as presented the Building and Water Dept. reports. Carried.

Motion by Stoelton, support VanDeCar, to accept the Fire Dept. No. 1 report as presented. Carried unanimously.

Motion by VanDeCar, support Birk, to accept the Police Dept. report as presented. Carried unanimously.

Motion by Stoelton, support Hogan, to pay the bills as per voucher. Carried.

Motion duly made, supported and carried, the meeting adjourned at 10:55 P.M.

Respectfully submitted,
Erma J. Payne, Clerk

Approved as presented.

REGULAR MEETING
FEBURARY 27, 1968

Meeting opened with the Pledge of Allegiance to the Flag.

Supervisor Toth called the meeting to order at 8:00 p.m.

Board members present were: Toth, Stoelton, Birk, Maton, Hogan, and Payne. VanDeCar was excused. Also present were Attorney Hopson and seven interested citizens.

Motion by Stoelton, support Hogan, to approve the minutes of February 13 as presented. Carried.

Correspondences were read, acknowledged and filed.

A press release from Representative Alfred A. Sheridan was read pertaining to a bill introduced by Rep. Sheridan which would regulate municipally owned public utilities. Due to the 15% increase of water rates by the Detroit Water Board, a motion by Hogan, support Stoelton, for the Clerk to draft a letter of appreciation for the advance notice of the Bill and also urge Rep. Mahalak and Senator Faust to do what they will to help the passing of House Bill No. 3868. Carried.

Supervisor Toth elaborated on a public hearing held by the Water Resources Commission pertaining to public water uses and total body contact, protected by water quality standards for interstate waters in Southeastern Michigan. Mr. Toth is sending a letter to the Michigan Water Resources Commission stating in part that the Township of Van Buren concurs with statements made by John S. Stock, Director of Division of Environmental Health, Wayne County Health Dept. Also that the Board of Trustees are particularly interested in Willow Creek that empties into Belleville Lake. It is of equal importance that Willow Creek be up to the highest standards possible.

Motion by Stoelton, support Birk, to renew a kennel license for Mrs. Charles Ford of 10960 Hannan Rd. Carried.

Motion by Stoelton, support Hogan, to accept the recommendation of Mr. Raymond Florian and appropriate $250.00 for recreational equipment. Carried unanimously.

Motion by Stoelton, support Birk, to endorse the American Cancer Society's annual crusade against cancer April 23, 24 and 25. Carried.

Motion by Maton, support Hogan, to adopt a resolution, due to a recommendation of the Michigan State Tax Commission to the Wayne County Board of Tax Equalization, to increase the valuation of Van Buren Township is inequitable and works an unfair hardship upon the taxpayers of Van Buren Township. Also, that a copy of the resolution be transmitted to all municipalities in Wayne County, the Michigan State Tax Commission and Wayne County Board of Tax Equalization along with a letter stating the objections of the Van Buren Township Board of Trustees. Carried.

Motion by Stoelton, support Maton, to accept the total General Fund Budget for the fiscal year of 1968-69 in the amount of $221,206.00 as presented. Carried.

A discussion was held on the new answering service and Fire Commissioner Hogan reported a favorable test with the answering service on Saturday, February 24.

Motion by Stoelton, support Birk, to transmit letters of appreciation and commendation to Roberts Bros., Mr. & Mrs. Elmer Memering and Mr. & Mrs. Charles Dubisky for their excellent services rendered to the Township Fire Dept. and residents in the community for a period of many years. Carried.

Motion by Stoelton, support Payne, to pay the bills as per voucher. Carried.

Motion duly made, supported and carried, the meeting adjourned at 9:30 P.M.

Respectfully submitted,
Erma J. Payne, Clerk

Accepted as presented.

Girl Scout Friendship Fair At Huron High is 'Success'

By Mrs. William Havenstein

The Girl Scout International Friendship Fair held Saturday March 16 at the Huron Junior High School was a most colorful and interesting event.

The Fair was an effort to learn more about the people of other countries and to bring a greater awareness of Scouting Activities to the public.

Each Troop had display booths showing items from a particular country.

Brownies of Troop 218 made a display of Hawaii with grass skirts, dolls and leis. They were assisted by Leaders Mrs. Diane Selchan and Mrs. Betty Roberts.

* * *

BROWNIE TROOP 221, lead by Mrs. Harry Richardson and Mrs. Carolyn Workman represented Brazil. Displayed were articles and pictures demonstrating the countries customs. Mrs. Donna Eberhardt and Mrs. Delores Frank and Junior Troop 227 displayed money candy, dolls and clothing from Greece.

Miss Striggles, fifth grade teacher from Riverside School was of great assistance to the girls in their study and contributed to their display.

Junior Troop 239 lead by Mrs. Audrey Stein and assisted by Mrs. Bobbie Reaume displayed many articles from Switzerland and made research posters on interesting facts about the country.

Junior Troop 267 represented Mexico.

They were very fortunate to have members within the troop from Mexico who with their parents were able to present an excellent array of Mexican wares. The Troop leaders are Mrs. John Mulligan and Mrs. Pat Totten.

* * *

TROOP 268 Leaders, Mrs. Mary Morris and Mrs. Johann Stein and their Brownies collected beautiful embroidery, clothing, money and dishes from Japan.

Cadettes of Troop 215 chose to display items from Ireland. The girls were dressed in green and white Irish costumes and looked very appropriate for the day before St. Patricks Day. Leaders are Mrs. Sherrill Balowski and Mrs. Rita Pagnucco.

Scouts of Troop 285 gave authenticity to their display by dressing in the Indian Sari. Their leader is Mrs. Betty Sears and she is assisted by Mrs. Mary Lewis.

* * *

TO THE delight of the more than two hundred spectators, each troop performed, on stage, a dance or song from the country they represented.

Leaders from all troops of the Huron, Carleton Neighborhood Association of Girl Scouts that participated in the Fair are to be commended for their effort in making the event an enjoyable success.

DIANE GALL GARY GORKIEWICZ

Students of the Month Named at Huron School

NEW BOSTON--Miss Diane Gall and Gary Gorkiewicz have been selected as March Students of The Month at Huron Junior High.

Diane is the daughter of Mr. and Mrs. Fred Gall of 17925 Huron River Drive and Gary is the son of Mr. and Mrs. Charles Gorkiewicz of 18422 Merriman Road.

Diane, an outstanding student, was the Junior High Student of the Year for 1966-67 and school spelling champ for the same year. She has made the Honor Roll all through school as well as earning a perfect attendance award.

She is secretary of the Student Council, a member of the Pep Club and has been a Girl Scout for eight years. She is also an accomplished organist and pianist for her Sunday School.

Gary is president of the Ninth Grade and he manages the present basketball team.

He is a member of the Student Council and is one of the school's leading athletes.

PASTOR'S POINTERS

He and Him Sometimes Make 'We'

by REV. JAMES BRADLEY
Pastor, Wayne Baptist Temple

WHENEVER I USED TO READ editorials, I imagined they were written by about five men. I could just picture five guys standing around a typewriter as they combined their efforts to produce the result. When the editorial said: "We think it should. . .", I automatically pictured the five conspiring to write. Now I find out I was completely wrong.

Instead of a quintet, or even a quartet or trio, there's just one guy at the typewriter acting like he's a quintet. He's probably a young guy in his early twenties at that, posing as a learned observer, an experienced veteran of the newspaper wars. In fact, he might be the only one on the paper who thinks that way, and his "we" may be just me, myself and I.

Nevertheless, the "We" carries a lot of weight and intimidates many. It seems the whole community must be behind an editorial that cries out: "We know that the best thing. . ." "We feel it will be a mistake. . ." Who can argue when you don't know how many you're fighting? You imagine you're up against a host of men, when in reality one pip-squeak is sitting over in the cluttered corner of a dinky little room by himself writing: "We think. . ."

I'm glad I found out about the editorial "We" before any more birthdays passed. Talk about being afraid of your own shadow! I had a real hang-up on this "We" business until one day I saw the light. Here was a scowling youngster barely out of college pecking away at a typewriter. Nothing much happening here, I thought to myself. But here was the community in action. Here was the "We" that I had admired and feared and trembled before when I turned to the editorial page.

I tip-toed silently up behind the bent figure who was poking at the keyboard with one finger. Probably writing his obituary, I figured. Maybe he's covering a women's fashion show held for the benefit of helping merry widows find not-so-gay widowers. Being just out of college, perhaps he was writing a do-it-yourself book on how to cure the world's ills. He didn't have a beard, his hair was neatly trimmed, and only a rumpled suitcoat detracted from his impeccibility. Such an insignificant-looking soul surely couldn't be causing any harm, I mused.

Peering over his shoulder, I was amazed and stupefied beyond words. No more than two lines down the page he had written the words that had stirred a city, pressured administration forces, or crusaded for safer red pop in the corner store. He had started out his second sentence with the words: "We feel. . ." I looked again at his chair. He was the only one in it, yet there indelibly pecked on the paper was the word "We." He turned slowly to see who was studying his artistry of one-finger poking. Keeping my composure, I quietly demanded to see the other member of the "We" committee.

"I'm the only one on the "We" committee," he explained. "You see, it's the well-known editorial "We." I was amazed and relieved at the same instant. "You mean I've been intimidated and afraid of you most of my life?" He cringed at my intensity. I continued, "Are you the "We" that has changed cities, cried out for reform, screamed for improvements, and in general scared the pants off everybody who thought you were the entire community enmasse?"

"Yes, I guess you might say that," he shrugged.

So the next time you read a mighty editorial saying, "We. . .", don't conjure up thoughts of five guys standing over a typewriter, just picture a little pipsqueak in a rumpled suitcoat off in the corner of some cluttered little office.

The Mood for McCarthy in Michigan!

'There Is No Presidential Primary Here, But There Is A Seemingly Significant Action Taking Place'

SENATOR McCARTHY

By DICK McKNIGHT
ANP Staff Writer

DETROIT – The formerly uninspiring candidancy of Minnesota Senator Eugene McCarthy for the Democratic nomination for the Presidency, has suddenly become something of a 'cause celebre' in our nation.

Last week a McCarthy for President headquarters was opened in Detroit, just a few blocks from the University of Detroit campus where McCarthy organizers undoubtedly look to find many new workers. It was the college-age young people who worked with McCarthy in his 'victory' in New Hampshire, that put him over the top, and McCarthy backers are looking to capitalize on the idealism and energies of young people in other areas of the country.

Housed in an extremely unpretentious store front on Six Mile Road (McNichols), the McCarthy for President offices are contained on the site of a discount drug store that has ceased to operate there. The neighborhood is old and showing the first signs of deterioration along the small commercial area lining McNichols.

Outside the headquarters a number of slightly shaggy-haired youths with brooms in hand were sweeping up debris deposited there by passersby -- broken remnants of beer bottles, loose paper and bottle caps. It was an encouraging scene, particularly for those who might prefer to think of the McCarthy young people as part of the 'great unwashed.'

Inside the building, hand-drawn signs announce the arrival of Senator McCarthy in Detroit, where he is to speak March 22 at 6 p.m. at a dinner in Cobo Hall. The purpose is to raise funds for his primary fight in Wisconsin next month.

Orderly hubbub reigned among the workers and visitors. Open recruiting was going on everywhere.

"Are you the typist we asked for?" asked one Ivy League McCarthy backer. "I have something for you to type right away, but wait until I get this cleared through the office."

SENATOR McCARTHY IN ACTION

The newly-arrived typist sat in a chair in a corner to await further instructions while the Ivy Leaguer rushed off to get his handwritten statement okayed.

"When can you work?" a receptionist was asking two very young men, both of whom were decked out in the garments most of us would associate with popular music groups. Their hair, it's true, was long and shaggy.

They were put to work filling out time cards so that they could be put on call when workers were needed again.

A very pretty girl, about 20, with long, straight blonde hair, flitted here and there behind the reception counter, carrying papers from one desk to another, and back into the curtained enclosure where some workers were already busy at their typewriters. Some were composing new statements, others were typing what others composed.

Three middle-aged ladies, accompanied by one teenaged daughter, came into the offices from the street. The ladies showed the signs of affluence – hair well styled, clothing chic and attractive, heavy rings on their weathered fingers. The young daughter was their opposite – long straight hair hanging over her shoulders, bangs hanging almost in her eyes, a straight bag-like dress draped over her thin frame.

"It looks like we're too old to be coming in here," one of the ladies commented. "Way too old," said another. But they walked to the rack of McCarthy literature, thumbing through the pamphlets they found there, occasionally casting a sneaking glance around the room as if they did not want the young people to know they were observing. The young daughter was applying for volunteer work for McCarthy.

What did the young people see in McCarthy? An end to the Vietnam war, certainly, but something else, too. McCarthy campaign literature, much of it probably written by young people, tells it all:

"We need new hope, new leadership. In the spirit of Adlai Stevenson and John F. Kennedy, let us begin anew."

People recognize in McCarthy not only courage and integrity but independence, dedication and intellectual excellence."

"I believe we can restore this nation to a clearer sense of purpose and of dedication to the achievement of that purpose."

These are the themes that are found all through the McCarthy literatures – hope, courage, sense of purpose, intellectual excellence. The connection between these themes and the late President Kennedy is obvious. He embodied all of them, and to a certain extent, the McCarthy people, young and old, are looking for someone like him.

There didn't seem to be much concern among the McCarthy people over the entry of Bobby Kennedy in the presidential race. Idealism isn't subject to pragmatic action.

Born in Watkins, Minnesota, McCarthy taught in high school and college before winning election to the U.S. House of Representatives at the age of 32. In 1958 he defeated the incumbent GOP Senator in a hard-fought race and was re-elected in 1964 by the largest popular majority of any Democratic candidate in the history of Minnesota.

Backyard Eagles Fly High Here

HE AIR BUFF has become as much a part of everyday America as the coin collector, the golfer, the fisherman or any other type of sport or hobby that our great society turns to for relaxation or extra activity.

Here in Western Wayne County is located such a group. The Detroit West chapter of the Experimental Aircraft Association, No. 113. They are just one of the dozens of chapters of a national organization that boasts among its membership people from all walks of life, many of them internationally famous names, who just love the "old time flying days."

The local chapters roster shows almost 120 members. Among these are doctors, store owners, lawyers, airline pilots, policeman and even a girdle salesman. The group meets every third Thursday evening at nearby Mettetal Airport, located at Lilley and Joy Roads.

Basic format of the EAA is building and flying home-built airplanes or, as many do, restore old time aircraft that flew in another era of aviation up to 40 to 50 years ago.

Westlander Don Zigler flies his own home-built Pitts Special tiny bi-plane. Working hundreds of hours, all in spare time, he completed the entire airplane at home and now flies the highly maneuverable craft in a series of acrobatics at many air shows and events.

Another name, often in the news and a key member of the chapter, is Professor Edward Lesher, Director of the Aeronautical Department at the University of Michigan. The professor has built several aircraft and flown them. His latest, called the Teal-Special, has to date set several world records for a five kilometer course.

Paul Holman, well known local car dealer, is an envied member with his restored Waco bi-plane. Three years of time were consumed in restoring this 33-year airplane. Holman completely re-built the old timer and flies it often at exhibitions. Painted in the original colors of the pre-World War II U.S. Air Service, the bright yellow wings and royal blue fuselage make it an outstanding attraction.

Holman and Zigler are just two of the many members who have built their own aircraft and fly them as often as they have time for. Most all of the homebuilts are based at Mettetal Airport which has become the home "base" for the EAA members from this area. Frequent "fly-ins" are staged here and at other airports throughout the state.

One of the highlights of the year's activities of the EAA is its annual "Air Show" every June at Mettetal Airport. This year's will be the 8th annual event and, as every year, the "homebuilts" will highlight the day's program. Eighty percent of the airplanes that will be on hand will be airplanes that were made by the people who own them. Innovations and designs will range far and radical from the general run of aircraft profiles, but they are all air-worthy and highly prized by their owners.

President of the local EAA chapter is Walter Philbin of Taylor. Westlander Dan Hurst is vice president and secretary is Dan Ruby of Canton Township.

Not all air buffs are men. The local group also boasts the only two women members in the state. Both are from Garden City. Beverly Wolff, of the Secretary of State's office, and Mrs. Lorretta Kovach, wife of Doctor Alexander Kovach, are both active members.

Currently members of the chapter have posted a score to be proud of. As of this past week, the records show that the organization has now completed 12 complete home-built airplanes with 18 others under various stages of construction, there are also five antique aircraft which have been restored and completely air-worthy.

HOMEBUILT BIRD – When a new aircraft design was introduced, U of M's Aeronautical Professor Edward Lesher went all-out with "something different." While very unique in appearance with three-way tail assembly and pusher propeller at the rear, the aircraft (in a newer modified version) already holds several records for a five-kilometer course.

SKY GAL CHATTER -- The local EAA chapter boasts the only two women members in the state who are pictured here chatting with (center) Ann Pellegreno, world famous for her world flight last year retracing Amerlia Earharts flight. On left is Beverly Wolff of Garden City, and far right is Loretta Kovach, wife of Garden City Doctor Alexander Kovach, who also is a member of the EAA.

THE SWING'S THE THING – Thelma Wanagot, of Dearborn, takes her turn at practice swings under tutelage of Mike Sutko, golf instructor from Par Golf Range. The scene is typical of what happens every Saturday morning at Wayne Federal Savings & Loan's main office in Wayne where the free golf lessons are being offered by the host firm.

Free Golf Lessons Are Just Great!

By JOYCE HAGELTHORN
ANP Staff Writer

IT MAY BE RATHER dreary outside, and the grass is still brown, and the trees are standing around nude. But spring has come, and if you don't believe it, just take a look in the basement of Wayne Federal Savings and Loan Association any Saturday morning between 9 a.m. and noon.

Take last Saturday, for instance. As any golf-nut knows, anyone can stand a bit of free instruction on how to hit the ball after a long, cold winter, particularly a golf-nut with about a 35 or 40 handicap, and that is why this writer decided to take advantage of the advertised offer of free golf lessons by a real pro in the basement of the Wayne Federal.

Feeling a little bit silly walking down a rainy street with a couple of golf clubs in my hand and clutching a red umbrella over my head, I joined about 19 other self-conscious hopefuls, both male and female.

Some of the crowd were beginners, some intermediates and some advanced, but we all stood there in a group, elbows pressed together while Mike Sutko, golf pro at the Par Golf Range on Ecorse Road, tried to get us to grip the club correctly, and swing our hips in rythm. There was some danger, of course, in the bigger-hipped ones, but actually nothing happened, probably because most people are pretty straight-hippers.

"Hold your hand out in front," he said, "and see what happens . . .you've got to grip the club with your left hand with the "v" pointing to the right shoulder. . ."

"When you address the ball," Mike said, "you have to have your feet together and then you stoop slightly forward." For a slightly off-balance female, this stooping slightly forward almost proved disastrous, but I was able to push myself back up with the help of my club.

"Now, here's the most important part," he continued seriously as if he didn't see anything funny about it. "When you finally get your feet in the right position you should automatically feel the weight on your insteps and it causes your knees to come in in sort of a knock-kneed fashion. . . then you draw your club back and as you draw it back your shoulders turn and your hips turn as far as a straight left arm will allow them, and then you swing at that ball."

With left foot toward the target at a quarter turn and the right foot away from the target in a 90-degree angle, slightly stooped, knock-kneed, hips swinging, my 'v' pointing to right shoulder, I took a healthy swing at that ball. . . and missed it altogether.

Next week, though, I'll hit that ball. If not next week, then the week after. . .sometime I'll hit it, by darn.

If you want to join the fun, remember it's every Saturday morning, at Wayne Federal Savings and Loan Association in Wayne.

Because of the tremendous response, and because there are advanced golfers with beginners leanings, like me, Mike tells me the beginners class will be from 9 a.m. to 10, the intermediates from 10 to 11 a.m. and the advanced golfers from 11 to 12 noon.

BLANCHE LAKISH

She Cared!

One Lady's Concern Is Setting Example Appreciated by GIs

By JOYCE HAGELTHORN
ANP Staff Writer

A LITTLE OVER A YEAR ago Blanche Lakish of 8202 Appleton, Dearborn Heights, read an article about the need for letters to servicemen. . .many of them no more than boys, away from home for the first time in their lives; often lonely, homesick and discouraged.

Some of them, the article stated, receive but one or two letters a month and the morale of these kids are often at low ebb just when they might be called upon to use all of the courage they can muster.

Blanche, who is the mother of two sons, neither of whom are yet in service, mentally placed her boys in that position and because she had been wondering for a long time what she, as an individual, could do to help in the present crisis, an idea was born.

That very day she bought a few boxes of Christmas cards and, taking the list of servicemen from the paper, she made sure that many boys were remembered that Christmas.

The response was overwhelming.

And then she wrote her first letter. . .a letter which told the boys who she was and why she was writing. She said she wanted them to know she and her husband cared about them being over there and she wanted somehow to do her share.

And the boys. . .the boys answered the letters, and as they started coming home they made sure that one of their first visits after their family and loved ones, was to the home of Blanche. . .the mother of sons who cared. . .who cared enough to make sure their days were lightened by cheery letters from home.

After Blanche knew her project was successful, she made trips to other newspapers. . . newspapers like the Inkster Ledger Star and the Wayne Eagle, and from them she got lists of boys in their area, who might appreciate a letter from her. In a little over one year she has written over one thousand letters to servicemen away from home.

"It hasn't been all joy, however," Blanche said. "And sometimes I get a bit confused when people tend to think I have some ulterior motive. One day, for instance, the doorbell rang and my husband Frank answered and there stood a man, who turned out to be an investigator of some sort, holding a letter I had written to a kid named "John" stationed in Germany.

"It was one of the first letters I had sent out, and this 'John' apparently couldn't read too well, or something, because he entirely missed the fact that I said he didn't know me, and that I was only writing because I cared about him being away from home. He sent the letter home to his girl-friend and she sent it downtown, somewhere, and here came the investigator wondering what I was doing writing to boys overseas."

"I told him, and I guess he believed me, or else I didn't look like the type that would be writing for any other reason . . .anyway, he left and we heard no more about it."

"One of the nicest things that has happened," she continued, "was when one of the boys, William Parsons, asked his mother to call us and ask if we would let her come over and tape our voices so he could hear us on Okinawa. Of course, I said, "Oh heavens no, we're strangers, why would he want that?" When asked if she had finally allowed it, she shook her head vehemently and said again she couldn't figure out why anyone would want to hear her voice.

Besides the letters, Blanche sends gifts and was asked by one of her boys to help get toys and gum "or even a yo-yo" to him so that his company could divide them among the Vietnamese children.

"My friend and neighbor, Marie Michelek, helped me gather up the stuff and get it off to him," she said, "Everbody is so helpful. . .I think you should tell about them, too."

Blanche, who is about 110 pounds of dynamite, works at Sally's Gift and Beauty Shop in Dearborn where she is deeply admired by her co-workers.

Not too long ago the girls all got together to help Blanche send clothing, soap, scissors and anything they could use in Vietnam for 25 little ones orphaned by the war.

"One of my boys promised to send me a picture of the orphans, but I haven't received it yet," she said, "but then, he's probably busy."

Blanche has lost some of her boys. She still hurts when she recalls the time she called a mother for the correct address of her service son, and "I called just a couple of days after she had gotten word that her boy was killed. Oh, I felt so terrible. . .I just ached for his mother and dad. . .and I just hurt for days."

Blanche would like for anyone who knows of a service man who might like letters, to send her his name and address. When reminded that she now has a mailing list of over a thousand, she laughed and said,

"Oh, I still have plenty of time for writing more letters. I love those kids. . .somehow, I want to make sure they are as happy as they can be under the circumstances."

She's almost 5-feet-2 and she almost tips the scales at 110 pounds, but she has a heart that has room for everybody.

ARCHER, PURDY, ANDERSON REPEAT

JEFF ARCHER
Belleville

Three talented versatile swimmers, who hold area, pool and school records, found their way back into the line-up of the ASSOCIATED NEWSPAPERS 'All - Area' Swim Team this year.

The three, Craig Anderson, Marv Purdy and Jeff Archer played key roles on their respective teams during the 1967-68 season.

Anderson, a 17-year-old senior from Livonia Franklin, could be moved into almost any event on the mythical team. The outstanding swimmer, coached by Dave Tavidian, holds six school records including the 200 yard individual medley, the 50, 100, 200 and 400 yard freestyle and also was a member of the school's 400-yard freestyle record-holding squad.

Anderson was placed in the 200 IM on the All-Area team. He holds the school record and also placed first in that event at the recently held Western Wayne Meet with a 2:11.5.

He qualified to swim in the State Meet in the 100 and 200 yard freestyle events.

His best time for the 50 yard freestyle is 23 seconds flat; for the 100 freestyle is 51.7 and the 200 freestyle, 1:55.4, while he has been clocked 4:20.5 for the 400 yard freestyle.

Teaming up with Jim Doherty, Tom Graham, and Dan Case, the foursome holds the Franklin 400 yard freestyle relay record at 3:38.8.

Archer returns to the All-Area team to take over as the 200-yard freestylist. The 18-year-old Belleville senior co-captain holds the varsity record for the event at two minutes flat.

Archer was the Tigers' top point-getter this season and was one of coach Bill Brandell's most consistent performers.

This year's All-Area selection for the 100-yard backstroke is Robichaud's Marvin Purdy, another hold-over from last year's squad. Purdy claims Robichaud's pool and varsity records for the backstroke at 1:02.

Planning to continue his education and swim career at Eastern Michigan University, Purdy rewrote the record books for the 200 yard individual medley, the 100 and 400 yard freestyle and the backstroke events at Robichaud.

"He's the most versatile swimmer I have coached," said Robichaud mentor Eric Harrington. "And he didn't come near his potential because we had to shift him around to our weak spots."

Purdy also made the trip to Ann Arbor to compete in the State Meet. He vied in the 50 and 100 yard freestyle events.

Others selected to this year's mythical swim team are Chet Meyer, in the 400 yard-freestyle (Belleville); Ted Wasilewski, in the 50-yard freestyle (Garden City East); Sid Beavers, diving (Belleville); Gene Sellers, diving (Garden City West); Kim McDonald, 100-yard butterfly (Garden City East); Phil Barr, 100-yard freestyle (Belleville); and Bruce Powell, 100 yard breaststroke (Livonia Franklin).

The medley relay team is made up of John Skinner, (Garden City West); Gerald Oliver, (Inkster); Robert Rail, Wayne Memorial); and Paul Gulliver, (Garden City West); while the freestyle relay quartet is Tom Graham (Livonia Franklin), Jim Doherty (Livonia Franklin); Frank Monroe, (Wayne Memorial) and Todd Bombery (Garden City East).

Meyer captured both the 200 and 400 yard freestyle events in leading Belleville to the Western Wayne Swim title and is one of four sophomores who made the All-Area grade.

As a 400-yard freestylist, the 16-year-old presently holds the varsity record in that event with a 4:26.2. He has a two minute flat for the 200 yard freestyle.

"He has good size and is potentially one of the best swimmers we have in the area," said coach Bill Brandell. "I expect fans to hear a lot of this youngster before he ends his prep career."

Wasilewski earned his second varsity letter in the pools this year and also will be around next season. The 16-year-old Garden City East junior holds the school record in the 50-yard freestyle at 24 flat and placed second in the Western Wayne Meet in the 100 yard freestyle event.

Beavers climaxed four years of diving for Belleville with the Western Wayne crown and was also the Suburban Six Conference titlist. He qualified for the State Meet.

Runner-up in the WW, Sellers is only a junior at West and with two years of experience on the boards already behind him, he is considered the man to beat in the area when December again rolls around.

Sellers is coached by George

THE SPORTS MERIDIAN

By Tom Mooradian

The 'Doc' Gets an Answer

In the continuous story of coach versus ref, the following letter was sent to me from Manny Lentine, the dean of area coaches and athletic director at St. Mary's of Wayne High School.

"DEAR SPORTS MERIDIAN:

I was glad to see "Doc" Kosteva come to the defense of the GOOD OFFICIALS who are working earnestly officiating high school athletic competition around the area. I would, however, like to make a few points for some of the good guys in the coaching profession.

(Doc Kosteva, last week, commented that many coaches fail to attend clinics to improve their sports knowledge, don't know the rules, and unjustly criticize refs and suggested that coaches try to coach and not ref a game at the same time. ED.)

MANNY LENTINE
Experience Counts

Doc officiated in our Parochial League Second Division when he first came to Michigan some years ago, but not for long. You see, Doc is one of the few outstanding officials we have - and when his talents were observed, he graduated to the First Division and the Class A school games.

However, I must take exception to some of the things which were intimated by his comments. Sure, the Hawthorne Valley Sports Association organized clinics for coaches and players. It was my privilege to have been invited to speak before the group, as many of the others mentioned have.

Doc left the impression that none of us accepted.

I for one did accept and did attend. As I recall, there weren't, however, too many officials of the Association present. The reason for the poor attendance escapes me. It was probably a good one.

I couldn't agree more with the Doc when he says, "There's no official who wears a striped shirt, who is out there to do a coach, a team, or a player an injustice." The unfortunate circumstance is that this injustice is done WITHOUT pre-meditation, because of ineptness on the part of the officials.

Doc was "seeing 'em right" again when he called, "that there are inconsistencies." We'll discuss that later on.

All athletic directors do not hire their own officials. In the Parochial League, for example, we have some 72 teams for

Quarter-Finals Tonight

Ypsilanti, undefeated in cage competition this year, and Garden City East, defeated once in 22 starts, take different paths to the Class A quarter-finals tonight with hopes that it'll lead to Jenison Fieldhouse in East Lansing on Friday.

Ypsi, the undefeated ruler of the Sauk Trail Conference and ranked the No. 1 Class A team in the state, must get by Battle Creek Central at Jackson Parkside in order to advance to Friday night's semi-finals.

That game at Jackson will be played at 7:30 p.m.

Meanwhile, East, the unbeaten ruler of the Mid-Wayne, travels to Ann Arbor and the University of Michigan to challenge Detroit Catholic Central in the quarter-final and the right to move on to the semis.

In the first game of the twin bill at the newly-constructed All-Events Building, Birmingham Brother Rice clashes with Detroit Austin at 7 p.m.

The other quarter - final tonight is at the Lansing Civic Center where Saginaw will face Grand Rapids-Ottawa Hills in a game scheduled for 7:30 p.m.

The four winners will advance to the semi-finals round set for East Lansing on Friday. The championship will be decided on Saturday at Jenison Fieldhouse.

Hanosh Picked As Coach of the Year

Undefeated in the Tri-River Conference this season with a perfect 8-0 dual meet record and crowned the inaugural conference swim champ, Garden City West has come a long way in swimming since beginning competition four years ago.

And the man responsible for West's swim achievement is George Hanosh, head swim strategist.

The 38-year-old veteran coach guided the Tigers to their first Tri-River title and successfully defended their Garden City East Invitational crown. West finished third at the Western Wayne Swim Meet and wrapped up the season with an impressive 14-4 overall dual meet season.

For his accomplishments, the Associated Newspapers are proud to select Hanosh as the swim "Coach of the Year".

Hanosh has had many obstacles to overcome before being able to produce a winner.

There were students - but no teams, no school tradition, and coaches were given the challenge to begin at the beginning. In four years the Tigers have emerged as a serious threat in most sports.

The swimmers were the first to win a conference title.

Although nine of the 11 high school swim events are "individual" events where the swimmer is pitted against time, teamwork is the most essential element between the individual and his coach, according to Hanosh.

"The individual and the coach have to work together as a team in order to win," said the West coach. "You have to know everything you can about your swimmer, finding his best stroke and getting him to perform his best, as an individual, and for the team."

A 1953 graduate of North Central College in Illinois, Hanosh was awarded a Bachelor of Arts in English. He earned his Masters at George Williams

Belleville Archers Capture Metro Title

Belleville archers captured two titles in the recently held Metropolitan Archery Association's pro-round championship. Both the men's Instinctive and women's Instinctive teams placed first.

Belleville's Archery Club was the best Instinctive team with Les Bloodworth, Bill Mullins, Jim Lauer and Hank Urbanowski who topped the teams in their respective category.

Rose Mason, Colleen Lauer, Marge Hagerman and Myrtle Urbanowski, meanwhile, were the best in the women's division.

Ken Dembowski, fresh from winning the Michigan Flint Round Archery championship, fought off a serious challenge by Inkster's Bob Hall to capture the Metro Archery Association's pro-round title.

Dembowski shot near perfect, hitting 292 out of a possible 300 score.

Trailing in the second place slot was Hall who was followed by Wes Stockbridge, of Westland.

Western Wayne's Archery Club Men's team, made up of Hall, Stockbridge, Gene Lovasz and Ken Adams hung on to claim the team title for the second consecutive year.

Jim Brewer, of Dearborn Heights, Michigan's Junior Olympic champ, won the Junior Division title. He was challenged by Edward Bies and Jim Stockbridge, of Westland, who finished second and third, respectively.

More than 125 archers took part in the Metropolitan Championship which is a tune-up for the State Pro-Round Tourney and the International championships to be held later in the season.

All-Area' Grapplers Next Week

The area high school coaches have solved their mat problems for the year and presented us with the answer to who will be honored on the ASSOCIATED NEWSPAPERS' "All-Area" Wrestling team.

That mythical team, plus a "Coach of the Year" will be introduced in the ANP's next edition.

HARNESS RACING FRIDAY

Wolverine Begins Season

The pacers and trotters open nightly programs. Michigan's earliest harness racing season in history Friday (March 22) when Wolverine Raceway, which operates at the Detroit Race Course in Livonia, presents the first of its 58 The DRC is at Middlebelt and Schoolcraft roads in the northwest Detroit suburb. Post time for the first race will be 8:30 p.m.

With interest at the highest point in years and racing fans eagerly awaiting the start of Michigan's racing campaign, Wolverine President Frederick Van Lennep and Vice President and General Manager Orlow Owen are looking forward to an opening equal or better than that of a year ago.

The 1967 inaugural attracted a crowd of 11,388, second largest in state annals, and with a nod from the weatherman, the Wolverine executives believe the turnstile count could better that figure.

Feature of the initial program will be a $5,000 Open Invitational pace that is expected to attract such stars as The Big Bear, one of the standouts of the recent Windsor meeting; Philip Brian, Livonia Boy and other speedsters who have arrived from California.

Wolverine threw the gates open for horses a week ago and more than 400 were bedded down over the first weekend. That total passed the 700 mark by mid-week and Stall Supt. Clayton Smith anticipates filling most of the 1,200 stalls in another few days.

The half-mile plant will operate for 58 nights with a single blackout on Good Friday, April 12.

The meeting ends on May 29 with three nights of Grand Circuit stakes closing out the campaign. The Roaring Grand events include: the $12,500 Matron two year old trot and pace on Monday, May 27; the $25,000 Matron for three year-old trotters on May 28; and the $30,000 Matron for three-year-old pacers on closing night, May 29.

SIXTH GRADE CHAMPIONS--Haggerty Road Elementary School's Sixth Grade participants in the Basketball Saturday League of Van Buren Elementary Schools have been declared champions of the league. The players left to right (back row) are: Don Roeser, Larry Straub, Tim Gawrys, Darwin Perry, Don Lask, Bob Payne and Coach Gary Kniffen. Second row left to right are: Lyle Bodenmiller, Doug Akers, Lee Stiltner, Mike Orasz, Jim French. Front row left to right are: Tim McNa, Gordon Sullens, Robin Hook and Eric Cullin.

McDonald surprised the WW contestants by winning the 100-yard butterfly with a 59 flat performance. He's just a soph who has the potential of becoming another oustanding tanker.

The 16-year-old Garden City East student also placed third in the backstroke at the WW and was first in the 200 IM and the butterfly at the recently held Garden City East Invitational.

JOHN SKINNER

Belleville's Barr rounded out his second year on the varsity squad with All-Area recognition in the 100-yard freestyle which he travels in 52.2. The 17-year-old Junior also is an excellent butterfly man and can fill in about any slot on the team.

That medley team packs four specialists who any coach would be glad to coach. Skinner, a 16-year-old soph, won the WW Meet in the backstroke with a 1:44 and was second at the East Invitational while Oliver, a lanky tanker from Inkster was undefeated most of the dual meet season in the breaststroke.

Oliver holds the school breaststroke record at 1:09.5.

Rail, described as a "hard worker" by Wayne coach Dick Helppie, holds the school record for the 100-yard butterfly at 59.7 and was second in both the Western Wayne and East Invitational Meets while he placed fourth in the tough Sauk Trail Conference.

The final member of the quartet, West's Paul Gulliver, is a senior with three years of varsity experience and a 55.3 for the 100-yard freestyle for his credentials.

Two seniors, a junior and a soph go into the making of the 400-yard freestyle relay team. Seniors Bombery and Doherty have five varsity swim letters between them.

Bombery has earned three varsity stripes in swimming on coach Kirt Winn's team and also is a letter-winner in track. He is considered one of the best freestyle swimmers in the area.

Doherty, the second senior, has lettered twice and swims a 55.7 for the 100 freestyle and placed third in the 200 freestyle at the WW.

Monroe, the second representative from Wayne, is only a soph who can go the 200 free in 2:08.5 and the 400 in 4:43 while Graham, a junior, brings a 4:42 for the 400 freestyle and a 2:23.1 for the 200 yard individual medley to the All-Area squad.

Boone Picked First String All-League

Wilson Boone, senior captain of Belleville's basketball team this season, was selected by conference coaches to one of the five slots on the All-Suburban Six League this week.

Boone, key to coach Larry Hulce's strategy, joins Bentley's 6-6 center, Ken Bollin; Dennis Fifield, Redford Union; Carl Lutz, Trenton; and Mike Kubik, Plymouth, in forming the nucleus of the 1968 conference squad.

The coaches picked John Hutchison, of Trenton; Dan Doyle, of Bentley; Mike Stakias, of Plymouth and Allen Parkers, Frank Dovelle and John Cabautan to the second string.

Given honorable mention for their play were eight others: Bob Fowlkes (Belleville); Chuck Beany (Allen Park); Bill Fahey (Redford Union); Jim Powers (Bentley); Dale Bjerke (Redford Union); John Yocum (Belleville); Jim Walker (Redford Union) and Jeff Adams (Plymouth).

Terry Cupples was Wayne State University's most accurate foul shooter this past season hitting on 113 of 140 attempts for .807 per cent.

This truck is actually building a highway. One out of every three miles of Michigan's street and highway system is paid for by trucks. One large truck pays as much in highway-user taxes as do 30 automobiles. Heavy trucks (26,000 pounds or more), comprising 1% of all vehicles, pay 16% of all highway costs. Our interest in good highways is for real. We want to pay our fair share.

Highway users pay in advance, for roads yet to be built, and generally, in proportion to the use they derive from them. Highways cost the Federal government nothing; they have no effect on the Budget. If expenditures for highways are cut back, the tax paid by users still accrues in the Highway Trust Fund, which was created by Congress to finance the world's finest highway improvement system, and is by law earmarked for highway purposes only.

Interstate highways, built for reasons of national defense (but with not one penny from the Defense Budget), have been of great benefit to all motorists. The trucking industry has certainly benefited. But once and for all, let the record show:

Tina Price Runner-up In State Snowmobile Races

NEW BOSTON -- Mrs. Tina Price, 24 became runner-up in the Michigan Champion Snowmobile races held March 9 and 10 at East Jordan, Michigan, a four-hour drive from New Boston.

Tina, a lifelong resident of Huron Township is the former Isabel Vena and resides on Judd road. She was driving a Ski Doo, purchased four weeks ago from the Huron Sod Farm, for last week's competition. This is her second year of competition.

Approximately four hundred people were on hand to view the weekend's events which included races for seven classes in the mens divisions and four classes in the Powder Puff.

* * *

IN THE Powder Puff Division, no entry fee is charged. Trophies are given although the races are not sanctioned by the Michigan Snowmobile Association.

Participants in the Men's Divisions pay a five dollar entry fee and are sanctioned by the M.S.A. Prizes are fifty dollars for first place and twenty five dollars for second place.

Throughout the day, one hundred and twenty five women raced in stock and modified machines. A slightly larger number of men, approximately one hundred and seventy five, entered the men's races.

All people participating in the races must be experienced drivers and obey the Michigan Snowmobile Association rules and regulations.

THE WINNER of the Michigan Champion Snowmobile races in the Powder Puff Division was Janice Marko, who weighed 26 pounds less than the runner-up. Tina explains that this fact could very well account for Mrs. Markos' win.

Anyone interested in Snowmobiling may contact Bill and Barbara Rienhold at the Huron Sod Farms on Pennsylvania road.

RUNNER-UP WITH TROPHIES---Mrs. Tina Price of Huron Township won runner-up position in Michigan Champion Snowmobile races held at East Jordan, Michigan March 9 and 10. A lifelong resident of Huron Township, Mrs. Price, the former Isabel Vena, is shown with her snowmobile and winning trophies.

whom officials are hired through a central office in Detroit. We have an opportunity of crossing out five officials we do not wish to have work our games. That's no guarantee that one of those crossed out will not come strolling into your gym to work a game or two.

And it gives a coach a feeling of uneasiness when he sees one of those who he has crossed off officiating his game.

There is, in my sincerest opinion, no question about it, that officiating has deteriorated drastically over the past five years. And attempts to resolve the problem have not been successful.

Practical Experience Key to Solution

Coaches do not help matters any, of course, when they try to coach and referee a game at the same time. Unfortunately, some coaches are forced into that position by the officials because of their phegmatic attitude on the court.

Why are most of the so-called better officials working the "Suburban A" games and the Catholic First and Central Division games?

MONEY. That's why!

And I can't blame them a bit. I would do the same. Wouldn't you rather work one varsity game for $20 in the first divisions than struggle through a junior varsity and varsity game for both $17.50 in the second divisions?

Doc also states, "a good official never anticipates a call – that the officials have better position than the coach or the fans do during the game."

Well then, how does he explain these inconsistencies by the same officials in the same game?

In my opinion, it's not only position which counts, but the quality of the ref on the court. If he knows what he's doing and keeps up with the game, then there's no problem.

Most coaches, not all of them mind you, will agree that most officials, not all of them, are human. Therefore, the human ones are subject to having a bad night occasionally. Of the "inhuman ones", they are our problem.

And I could write for hours simply on the inconsistencies of calling a "roughing the kicker" penalty this past season.

What is the solution? I wish I knew.

We've tried clinics – but clinics and seminars can only convey principles and theories to athletic directors, coaches, players and officials. Reading all the rule books, attending lectures again, helps, but in essence doesn't solve the problem.

I feel that PRACTICAL EXPERIENCE is the key to resolving most of these problems.

And until these refs pick up this type of experience, we will be tossing this problem around again and again.

Scout-O-Rama Ticket Sales Meet Announced

BELLEVILLE -- Hundreds of leaders from the Huron District of the Detroit Area Boy Scout Council have been invited to attend a special Scout-O-Rama '68 Ticket Sales Kick-Off meeting scheduled for Wednesday, March 27, 7:30 p.m., at the Taylor Park School, 20614 Pinecrest in Taylor, John Eberle, 27280 Powers, Dearborn Heights, the District Ticket Sales Chairman, announced.

Scout-O-Rama '68, the 11th every-other-year show staged by Scouts and leaders of the Detroit Area Council, will be the largest and most colorful event of its kind ever held in Michigan.

June 7-8-9 are the dates at which time upwards of 150,000 persons will view the huge indoor-outdoor show at Michigan State Fairgrounds. They will see more than 30,000 Cub Scouts, Boy Scouts, Explorers and adult volunteer leaders display and perform hundreds of activities and Scout skill events.

The purpose of the District Ticket Sales Kick-Off meeting will be to inform the Scout leaders from this community of the opportunity for their Scouts to earn special Scout merchandise prizes for individual effort, and the opportunity for units to earn cash commissions for their unit treasuries through team efforts.

Complete Bridge Repairs

Traffic has been returned to normal on the Zilwaukee Bridge which carries I-75 over the Saginaw River near Saginaw, the State Highway Commission reported.

The outside southbound lane of the drawbridge was damaged five months ago when rammed by a 532-foot limestone carrier and traffic was routed to other lanes while repairs were made.

Some minor cleanup work remains, but the Commission said this will be done in the spring with little or no inconvenience to traffic.

The Highway Commission said it expects to award contracts late in 1971 to replace the drawbridge with a high-level span at an estimated cost of $20 million.

First railroads were horse-drawn wagons on wooden rails and were used in England in the 17th century to haul coal.

Mahalak Supports House Bill on Water

ROMULUS - House Bill No. 3868) which would regulate municipally owned public water supply systems which provide service outside their corporate boundaries coming under the rules and regulations of the Michigan Public Service Commission, was reported out of Committee on Public Utilities, Representative Edward E. Mahalak (D) Romulus reported. He is a member of Committee.

Mahalak said: "It is no secret that this bill is particularly aimed at the Detroit Water Supply System. Under the present operation the suburban areas are at the mercy of the Detroit Water Supply System and the local Supervisors and Mayors have no voice in the costs of water to the people they represent.

According to Mahalak: "Just last Nov. 1, 1967, a 15 percent increase was put into effect in the suburban communities by the Detroit Water Supply System without a hearing to explain why or if the increase was necessary."

The Detroit Water Supply System is now in the process of completing a water intake at Port Huron which will service the Flint area. At this rate, by 1975 the Detroit Water Supply System will service water to about 70% of the people of Michigan. Mahalak asked: "Why must the people of the suburbs have to pay for this expansion when they will never benefit from it?"

"I also feel," said Mahalak, "that if the Detroit Water Supply System wants to go into the state-wide utility business they should be under the same controls as Michigan Consolidated Gas, Detroit-Edison, Michigan Bell Telephone, etc., and should have to justify their rates to the Public Utilities Commission."

Seal Campaign Reaches $15,092

INKSTER -- The 1968 Easter Seal Campaign (March 1 to April 14) reports contributions as of March 14 totaled $15,092.

Earlier reports from New Boston and Romulus Township showed contributions of $35 and $238 respectively.

APPOINTED TO HOUSING COMMISSION - - - Mrs. Alfrida G. Melfin, 37207 Menton, was appointed by Edmund Bizek, (right), Romulus supervisor, to a five-year term on the Romulus Housing Commission. Mrs. Melvin, currently an administrative official succeeds Mrs. Vira Petraska, who declined to serve another term.

Romulus Housing Board Appointments Are Announced

ROMULUS -- The Romulus Housing Commission accepted with regrets the resignation of Mrs. Vira Petraska of 4421 Eastlawn and directed that a letter of commendation be sent to her in appreciation for services rendered. Mrs. Petraska declined to serve another term March 11.

A recommendation by Edmund Bizek, Romulus supervisor, that Mrs. Alfrida, G. Melvin of 37207 Menton be appointed to the commission to succeed Mrs. Petraska was accepted by the commission.

John Fuerst was elected vice-president of the commission.

Two others nominated for the post: Felix Rogalle and Ernie Davis declined. Re-elected president at an earlier meeting of the commission was Eugene Wilson.

Registry Call Adds New Voters

BELLEVILLE -- A request to register to vote in the May 7 Referendum Vote issued by Van Buren Township has resulted in 41 new registrations during the last week, Mrs. Erma Jean Payne, Township Clerk announced.

As of edition time this week, total qualified registrations in Van Buren Township were 3,877. Deadline for vote registration is March 29, Mrs. Payne stated.

HONOR WESTERN WAYNE RESIDENTS--Four line maintenance employees of United Air Lines received Awards of Merit at the 1967 Great Lakes Region Awards Dinner in Pittsburgh. Recipients were Oramel L. Rowe, A & P mechanic, of 50946 Martz Road, Belleville (second from left); Wayne A. Thompson Jr., foreman of aircraft maintenance, of 1886 Eileen Street, Ypsilanti (third from left); John R. Kinzer, line mechanic, 405 Merriman Road, Wayne (third from right), and Norman O. Miller, foreman of aircraft maintenance, of 14527 Elwell Road, Belleville (second from right). Others participating at the presentation were William E. McGarry, left, vice president, Great Lakes Region; E.W. Weiss, center, director of line maintenance inspection and control, and William R. Christensen, Detroit maintenance manager. Miller, Thompson and Kinzer were honored for their efforts in apprehending unauthorized persons in the vicinity of an aircraft. Rowe was cited for work performed on his own time and equipment which resulted in considerable savings to United Air Lines.

Guard Rail Approved

BELLEVILLE - The Wayne County Road Commission has agreed to install additional guard rails along Denton road at the bridge turn, Louis A. Toth, Van Buren Township supervisor announced.

W. F. Jenkins of 46976 Denton road, recently complained of car damage to his lawn and his shrubbery because of the lack of sufficient guard railing. Vehicle traffic approaching his property and others have caused repeated damage.

Toth contacted the commission and last week they agreed to correct the complaint.
